# Slate Grocery REIT

Q2 2025 Quarterly Report

## About Slate Grocery REIT

(TSX: SGR.U / SGR.UN)

Slate Grocery REIT is an owner and operator of U.S. grocery-anchored real estate. The REIT owns and operates approximately U.S. \$2.4 billion of critical real estate infrastructure across major U.S. metro markets that communities rely upon for their everyday needs. The REIT's resilient grocery-anchored portfolio and strong credit tenants are expected to provide unitholders with durable cash flows and the potential for capital appreciation over the longer term.

Visit slategroceryreit.com to learn more about the REIT.

Slate Grocery REIT is managed by Slate Slate Asset Management. Asset Management is a global alternative platform. We investment focus fundamentals with the objective creating long-term value for our investors and partners. Slate's platform focuses on four areas of real assets, including real estate equity, real estate credit, real estate securities and infrastructure. We are supported by exceptional people and flexible capital, which enable us originate and execute on a wide range of compelling investment opportunities.

#### Forward-looking Statements

Certain information in this management's discussion and analysis ("MD&A") constitutes "forward-looking statements" within the meaning of applicable securities legislation. These statements reflect management's expectations regarding objectives, plans, goals, strategies, future growth, results of operations, performance and business prospects and opportunities of Slate Grocery REIT (the "REIT") including expectations for the current financial year, and include, but are not limited to, statements with respect to management's beliefs, plans, estimates and intentions, and similar statements concerning anticipated future events, results, circumstances, performance or expectations that are not historical facts. Statements that contain words such as "could", "should", "would", "can", "anticipate", "expect", "forecast", "does not expect", "believe", "plan", budget", "schedule", "estimate", "intend", "project", "will", "may", "might", "continue" and similar expressions or statements relating to matters that are not historical facts constitute

forward-looking statements. Some of the specific forward-looking statements contained herein include, but are not expressions or statements relating to matters that are not historical facts constitute forward-looking statements. Management believes that the expectations reflected in its forward-looking statements are based upon reasonable assumptions, however, management can give no assurance that actual results, performance or achievements will be consistent with these forward-looking statements.

These forward-looking statements are not guarantees of future events or performance and, by their nature, are based on the REIT's current estimates and assumptions, which are subject to significant risks and uncertainties. The REIT believes that these statements are made based on reasonable assumptions; however, there is no assurance that the events or circumstances in these forward-looking statements will occur or be achieved.

A number of factors could cause actual results to differ materially from the results discussed in the forward-looking statements including, but not limited to the risks that are more fully discussed under the 'Risk Factors' section of the annual information form of the REIT for the year ended December 31, 2024 ("Annual Information Form"). Factors that could cause actual results to differ materially from those contemplated or implied include, but are not limited to: risks incidental to ownership and operation of real estate properties including local real estate conditions; financial risks related to obtaining available equity and debt financing at reasonable costs and interest rate fluctuations; operational risks including timely leasing of vacant space and re-leasing of occupied space on expiration of current leases on terms at current or anticipated rental rates; tenant defaults bankruptcies; uncertainties of acquisition activities including availability of suitable property acquisitions and in integration of acquisitions; cyber security risks; reliance on third-party services; compliance with covenants under certain agreements entered into by the REIT;

competition including development of properties in close proximity to the REIT's properties; loss of key management and employees; potential environmental liabilities; catastrophic events, such as earthquakes and hurricanes; risks related to climate change; risks related to the structure of the REIT; risks related to the implementation of green leases; governmental, taxation and other regulatory risks and litigation risks.

Forward-looking statements included in this MD&A are made as of August 6, 2025 and accordingly are subject to change after such date. The REIT does not undertake to update any forward-looking statements that are included in this MD&A, whether as a result of new information, future events or otherwise, except as expressly required by applicable securities laws. Certain statements included in this MD&A may be considered "financial outlook" for purposes of applicable securities laws, and such financial outlook may not be appropriate for purposes other than this MD&A. Investors are cautioned against placing undue reliance on forward-looking statements.

## Letter to Unitholders

#### Dear Fellow Unitholders,

We are pleased to report strong second quarter financial results for Slate Grocery REIT, with several consecutive quarters of strong leasing volumes at attractive spreads continuing to drive healthy same-property Net Operating Income ("NOI") growth.

The REIT completed 423,894 square feet of total leasing in the second quarter at double-digit rental spreads. Renewal spreads were completed at 13.8% above expiring rents, marking another consecutive quarter of double-digit renewal spreads. New deals were completed at 28.8% above comparable average in-place rent.

Portfolio occupancy at quarter-end remained stable at 94.0%, and we expect our robust pipeline of new leasing opportunities to support stable occupancy over the coming quarters.

The REIT's strong leasing volumes and consistently high rental spreads over the last several quarters are continuing to translate into healthy NOI growth. Adjusting for completed redevelopments, same-property NOI increased by 3.6% or \$5.7 million on a trailing twelve-month basis.

The REIT's average in-place rent of \$12.77 per square foot remains well below the market average of \$24.00<sup>2</sup>, providing significant runway for continued rent increases to drive long-term income growth.

The REIT has only \$171.4 million of debt maturing through the end of 2026, at the REIT's proportionate interest, which represents just 12.3% of the total debt outstanding and provides a stable outlook for the REIT's near-term financing costs.

During the second quarter, the REIT refinanced a four-property portfolio for \$39.3 million and entered into a credit facility totaling \$17.4 million at attractive spreads, highlighting the continued demand for high-quality grocery-anchored real estate assets in the lending space.

Subsequent to quarter end, the REIT amended two of its existing interest rate swaps, extending the total maturity to 2.8 years and achieving a blended weighted average interest rate of 5.0% on a proportionate interest basis.

Importantly, the REIT's current portfolio valuation continues to provide significant positive leverage. This attractive valuation, combined with continued NOI growth, is expected to increase portfolio valuation over time.

We continue to believe in the fundamentals of groceryanchored real estate and have great conviction in the ability of this asset class to perform in today's economic environment.

Fundamentals in the grocery sector remain favorable, with elevated construction costs and tight lending conditions continuing to limit the pace of new retail development and overall retail availability. Recent tariff developments and broader macroeconomic pressures have added an additional layer of uncertainty to construction costs, further discouraging new development<sup>3</sup>.

With limited supply and historically low vacancy rates across the sector, grocery-anchored retail remains highly occupied, with occupancy rates holding steady near the mid-90s. This dynamic, coupled with virtually no new supply, creates a favorable environment for landlords to retain existing tenants and achieve meaningful increases in rents as leases expire.

Grocery-anchored retail remains well-positioned, and we believe positive underlying trends in the sector, coupled with below market rents across our portfolio, will enable the REIT to continue growing revenue and generating long-term value for all unitholders.

On behalf of the Slate Grocery REIT team and the Board, I would like to thank the investor community for their confidence and support of our efforts.

Sincerely, Blair Welch CEO, Slate Grocery REIT August 6, 2025

<sup>1</sup> As of March 31, 2025, the REIT revised its "Deal Types" methodology. Refer to 'Leasing and Property Portfolio' in Part II below for further details.

 $<sup>^2 \</sup>mbox{GBV}$  is equal to total assets.

<sup>&</sup>lt;sup>3</sup>Refer to non-IFRS financial measures on page 15.

<sup>&</sup>lt;sup>4</sup> Represents the total number of class U units outstanding, if all other units of the REIT, its subsidiaries, and its deferred unit plan, were converted or exchanged, as applicable, for class U units of the REIT.

<sup>&</sup>lt;sup>5</sup> FFO payout ratio and AFFO payout ratio is equal to distributions declared divided by FFO and distributions declared divided by AFFO, respectively.

 $<sup>^{\</sup>rm 6}$  Includes the impact of pay-fixed receive-float swaps.

As of March 31, 2025, the REIT transitioned from disclosing interest coverage ratio to fixed charge coverage ratio. Refer to 'Fixed Charge Coverage Ratio' in Part III below for further details.

#### PART I - OVERVIEW

#### INTRODUCTION

This MD&A of the financial position and results of operations of Slate Grocery REIT (TSX: SGR.U and SGR.UN) and its subsidiaries (collectively, the "REIT") is intended to provide readers with an assessment of performance and summarize the financial position and results of operations of the REIT for the three and six month periods ended June 30, 2025. The presentation of the REIT's financial results, including the related comparative information, contained in this MD&A are based on the REIT's condensed consolidated interim financial statements for the three and six month periods ended June 30, 2025 (the "consolidated financial statements"), which have been prepared by management in accordance with International Accounting Standard ("IAS") 34, Interim Financial Reporting, as issued by the International Accounting Standards Board ("IASB"). This MD&A should be read in conjunction with those consolidated financial statements. All amounts are in thousands of United States dollars, which is the functional currency of the REIT and all of its subsidiaries.

The information contained in this MD&A is based on information available to the REIT and is dated as of August 6, 2025, which is also the date the Board of Trustees, upon the recommendation of its Audit Committee, approved the contents of this MD&A.

#### **PROFILE**

The REIT is an unincorporated, open-ended real estate mutual fund trust constituted in accordance with the laws of the Province of Ontario pursuant to an amended and restated Declaration of Trust dated as of April 15, 2014, as amended on August 17, 2020. As of June 30, 2025, the REIT owns 116 grocery-anchored properties located in the United States of America (the "U.S.") comprising 15.2 million square feet of GLA.

The REIT is externally managed and operated by Slate Asset Management (Canada) L.P. (the "Manager" or "Slate"). The Manager has an experienced and dedicated team of real estate professionals with a proven track record of success in real estate investment and management. Management's interests are aligned with the unitholders of the REIT through its sponsorship and as a significant unitholder of the REIT. Slate holds an approximate 5.6% interest in the REIT, and accordingly, is highly motivated to increase the value to unitholders and provide reliable growing returns to the REIT's unitholders.

Additional information on the REIT, including its Annual Information Form, is available on SEDAR+ at www.sedarplus.ca and on the REIT's website at www.slategroceryreit.com.

#### STRATEGY AND OUTLOOK

Our strategy is to own the last mile of essential logistics that allows our quality grocery-anchored properties to operate and service consumers for their everyday needs. Located in major markets in the U.S., we believe that our diversified portfolio and quality tenant covenants provide a strong basis to continue to grow unitholder distributions and flexibility to capitalize on opportunities that provide appreciation in value.

We are focused on the following areas to achieve the REIT's objectives:

- Be disciplined in our acquisition of well-located properties that provide opportunity for future value creation;
- Proactive property and asset management that results in NOI growth while minimizing property and portfolio vacancy exposure;
- Prudent and disciplined management of capital outlays that will maintain and increase the attractiveness of the REIT's portfolio and achieve increased rents; and
- · Continue to increase the REIT's financial strength and flexibility through robust balance sheet management.

The REIT's internal growth strategy includes the following:

- Maintaining strong tenant relationships and ensuring tenant retention: Slate expects to continue to nurture its many longstanding relationships with existing tenants by anticipating and adapting to their changing needs and being proactive with lease renewals. Slate understands the value of maintaining existing tenancies and will engage in ongoing discussions with tenants throughout their lease term to be proactive in negotiating early renewals as leases approach their expiries. The growing size of the REIT's portfolio will help strengthen its longstanding relationships with existing tenants and allow Slate to offer leasing opportunities across multiple properties. This strategy will promote organic growth by minimizing marketing, leasing and tenant improvement costs, and avoiding interruptions in rental income generation.
- Maximizing rental income through leasing initiatives: Slate expects to maintain the current high level of occupancy in the REIT's properties by leveraging Slate's established leasing platform. Slate intends to continue to implement active strategies that take into consideration prevailing economic conditions, the nature of the property, its local positioning, as well as existing and prospective tenants. Many of the REIT's properties are located in areas with low vacancy rates and minimal new competitive supply, which should minimize leasing costs and allow the REIT to replace in-place rents with increased market rents as leases expire. Slate also seeks to continue to include contractual rent escalators in leases to further facilitate growth in rental income.
- Repositioning current properties: Slate believes that in a number of situations there exists the opportunity to reposition properties currently
  held by the REIT through modest and targeted capital projects and/or operational improvements.
- Acting creatively and opportunistically to drive incremental value through monetization of the REIT's land and assets by densification, leasing
  of rooftops, parking lots, and other elements of the REIT's properties.

The REIT will continue to focus on acquiring diversified revenue producing commercial real estate properties with a focus on grocery-anchored properties. The REIT's external growth strategy includes the following:

- Opportunity to benefit from its relationship with Slate: The REIT anticipates that its continuing relationship with Slate provides opportunities
  to acquire additional properties. Slate has a strong track record of closing acquisitions and believes that it can grow the asset base of the
  REIT on an accretive basis in the near to medium term.
- Identify undervalued properties: Slate's extensive relationships with a network of U.S.-based commercial real estate brokers allows it to identify undervalued properties, many of which may be "off-market" or not widely marketed for sale. With over 40,000 grocery stores in the U.S., there are significant opportunities for the REIT to continue its strategy of acquiring attractive, revenue-producing grocery-anchored properties. Slate's familiarity with the REIT's properties allows it to identify complementary acquisition opportunities that are aligned with the REIT's investment criteria and accretive to cash flow. The REIT seeks to acquire properties that are: (i) located in major metropolitan areas in the U.S. that demonstrate favourable population and employment growth dynamics; (ii) located in well-developed sub-markets with limited risk of new development; and (iii) anchored by market dominant grocers and other essential tenants who fulfill the last mile of logistics and have a proven track record of strong sales and profitability. Slate will continue to target major metropolitan areas in the U.S. outside of gateway markets where there is typically more competition and less favourable pricing for quality assets.
- Apply Slate's hands-on asset management philosophy: Even though Slate targets assets that are stable, income producing properties, Slate will continue to assess each property to determine how to optimally refurbish, reposition and re-tenant the property. Slate will continue to work closely with contractors to reduce operating costs and will oversee capital expenditure projects to ensure they are on budget and completed on time. In addition, Slate will continue to: (i) focus on rebuilding and strengthening tenant relationships with a view to gaining incremental business and extending stable tenant leases; and (ii) outsource property management and other real estate property functions to lower the operating costs borne by the tenants. This cost reduction further improves tenant relationships and will increase the net operating income of the REIT's properties.

The REIT has established itself as both a leading and differentiated owner and operator of grocery-anchored properties in the U.S. The REIT's critical real estate infrastructure and strong credit tenants provide unitholders with durable cash flows and the potential for capital appreciation over the longer term.

#### NON-IFRS FINANCIAL MEASURES

We disclose a number of financial measures in this MD&A that are not measures determined in accordance with IFRS® Accounting Standards ("IFRS Accounting Standards"), including NOI, same-property NOI, FFO, FFO payout ratio, AFFO, AFFO payout ratio, adjusted earnings before interest, tax, depreciation and amortization ("Adjusted EBITDA"), fixed charges and the fixed charge coverage ratio, in addition to certain measures on a per unit basis. We utilize these measures for a variety of reasons, including measuring performance, managing the business, capital allocation and the assessment of risk. Descriptions of why these non-IFRS measures are useful to investors and how management uses each measure are included in this MD&A. We believe that providing these performance measures on a supplemental basis to our IFRS Accounting Standards results is helpful to investors in assessing the overall performance of our businesses in a manner similar to management. These financial measures should not be considered as a substitute for similar financial measures calculated in accordance with IFRS Accounting Standards. We caution readers that these non-IFRS financial measures may differ from the calculations disclosed by other businesses, and as a result, may not be comparable to similar measures presented by others. Reconciliations of these non-IFRS measures to the most directly comparable financial measures calculated and presented in accordance with IFRS Accounting Standards are included within this MD&A.

The definition of non-IFRS financial measures are as follows:

- NOI is defined as rental revenue less operating expenses, prior to straight-line rent, International Financial Reporting Interpretations
  Committee ("IFRIC") 21, Levies ("IFRIC 21"), property tax adjustments, and adjustments for joint venture investments. Same-property NOI
  includes those properties owned by the REIT for each of the current period and the relevant comparative period excluding those properties
  under development. NOI margin is defined as NOI divided by revenue, prior to straight-line rent.
- FFO is defined as net income adjusted for certain items including transaction/disposition costs, change in fair value of properties, change in fair value of financial instruments, deferred income taxes, unit (expense) income, adjustments for joint venture investments and IFRIC 21 property tax adjustments.
- · AFFO is defined as FFO adjusted for straight-line rental revenue and revenue sustaining capital, leasing costs and tenant improvements.
- FFO payout ratio and AFFO payout ratio are defined as distributions declared divided by FFO and AFFO, respectively.
- FFO per WA unit and AFFO per WA unit are defined as FFO and AFFO divided by the weighted average class U equivalent units outstanding, respectively.
- · Adjusted EBITDA is defined as NOI less general and administrative expenses at the REIT's proportionate interest.
- Fixed charges include principal payments and cash interest paid, net at the REIT's proportionate interest.
- · Fixed charge coverage ratio is defined as adjusted EBITDA divided by fixed charges at the REIT's proportionate interest.
- Net asset value is defined as the aggregate of the carrying value of the REIT's equity, deferred income taxes and exchangeable units of subsidiaries.
- Proportionate interest represents financial information adjusted to reflect the REIT's equity accounted joint ventures on a proportionately
  consolidated basis at the REIT's ownership percentage of the related investment.

#### RESPONSIBLE INVESTMENT

The responsible investment ("RI") strategy at Slate is to mindfully grow our business by striking a careful balance between environmental and social responsibility with the aim of creating positive outcomes for our tenants, employees and communities, while generating value for our investors. To achieve this, management is embedding RI practices into the core of Slate's and the REIT's day-to-day operations, as well as building out strategic action plans, goals, and targets that align with the RI focus areas for Slate and the REIT - Climate Risk and Resilience, Stakeholder Relations, and Resource Efficiency. In tandem, there is a growing obligation from regulators and financial reporting bodies to report on sustainability and climate related issues.

#### Climate Risk and Resilience: Climate & Sustainability Disclosure Obligation

On June 26, 2023, the International Sustainability Standards Board released its finalized IFRS S1, General Requirements for Disclosure of Sustainability-related Financial Information ("IFRS S1") and IFRS S2, Climate-related Disclosures ("IFRS S2") standards, creating a global baseline for the disclosure of sustainability information. IFRS S1 requires a company to disclose information about all sustainability-related risks and opportunities that could reasonably be expected to affect its prospects, including its cash flows, its access to finance or cost of capital, over the short, medium or long term. IFRS S2 requires a company to disclose information about its climate-related risks, which includes both physical risks and transition risks, and opportunities that are useful to investors and other providers of financial capital in making decisions relating to providing resources to companies. The IFRS S2 standard incorporates and builds on the Task Force on Climate-Related Financial Disclosures recommendations. In Canada, progress towards mandatory sustainability reporting advanced with the publication of the final Canadian Sustainability Disclosure Standards ("CSDS") by the Canadian Sustainability Standards Board ("CSSB") in December 2024. While the CSDS provides for voluntary adoption from January 1, 2025, the Canadian Securities Administration ("CSA") recently announced that it is pausing its work on finalizing mandatory climate disclosure requirements for public companies. The CSA has indicated that modifications to the finalised CSDS 1 and 2 may follow, and the timing of any mandatory requirements remains uncertain. While transitional relief has been proposed by the CSSB, its implementation is also subject to change. The REIT will continue to monitor regulatory developments closely and remains committed to preparing for future mandatory disclosure requirements.

As reported previously, the REIT continues to action a number of measures as part of its own RI commitment that will align with the expected sustainability and climate-related reporting obligations. During the three month period ended June 30, 2025, this included the following:

#### Resource Efficiency: Energy and Water Management

The REIT continued to capture energy, carbon, water, and waste data for each property to support measurement, monitoring, target setting, and reporting. The REIT is working closely with key stakeholders to ensure accuracy and consistency in information reported. The REIT is rolling out a variety of strategies to expand data capture from leased spaces, which falls under the responsibility of the tenant. This has included agreements with key anchor tenants, agreements with energy suppliers for direct whole-building aggregated data, and the continued roll-out of green leases. The REIT executed 135.2 thousand SF in green leases in Q2 2025, bringing the total GLA with green leases to 2.1 million SF.

#### Stakeholder Relations: Management of Tenant Sustainability Impacts

Following the results from its 2024 tenant satisfaction survey, the REIT completed property level action plans to respond directly to tenant feedback. This initiative, completed alongside property management teams, includes expenditures to be included in 2026 operating budgets, where necessary. The REIT intends to provide feedback on these improvements and actions to tenants, demonstrating a commitment to enhancing their experience at the property they occupy.

To learn more about our sustainability initiatives and climate strategy, please visit our website: <a href="www.slategroceryreit.com">www.slategroceryreit.com</a> and <a href="www.slateam.com/">www.slateam.com/</a> responsible-investment/.

#### RISKS AND UNCERTAINTIES

In addition to the risks and uncertainties included herein, the REIT's business is subject to a number of risks and uncertainties which are described in its most recently filed Annual Information Form for the year ended December 31, 2024, available on SEDAR+ at <a href="www.sedarplus.ca">www.sedarplus.ca</a>. Additional risks and uncertainties not presently known to the REIT or that the REIT currently considers immaterial also may impair its business and operations and cause the price of the REIT's units to decline in value. If any of the noted risks actually occur, the REIT's business may be harmed and the financial condition and results of operations may suffer significantly. In that event, the trading price of the units could decline, and unitholders may lose all or part of their investment.

#### RECENT DEVELOPMENTS

The following is a summary of the key financial and operational highlights and recent developments for the REIT:

- On July 1, 2025, the REIT amended its \$137.5 million interest rate swap with a pay-fixed rate of 2.400% and a maturity date of July 22, 2027. The amendment adjusted the pay-fixed rate to 3.438% and removed a one-time cancellation option that was exercisable on July 24, 2025. There were no changes to the swap's notional amount.
- On July 1, 2025, the REIT amended its \$175.0 million interest rate swap with a pay-fixed rate of 2.822% and a maturity date of August 22, 2025.
   The amendment adjusted the pay-fixed rate to 3.355% and the maturity to August 22, 2028. There were no changes to the swap's notional amount.
- On June 5, 2025, the REIT entered into a \$39.3 million mortgage, secured by four properties, bearing interest at one-month SOFR plus an
  applicable spread of 175 bps and maturing on June 4, 2030. In connection with the refinancing, the REIT removed one property from the
  existing portfolio. To hedge the monthly SOFR-based interest payments associated with this mortgage, the REIT simultaneously entered into
  a \$39.3 million pay-fixed, receive-float interest rate swap contract.
- On April 11, 2025, the REIT entered into a mortgage for a total facility amount of \$17.4 million, of which \$11.6 million was advanced upon closing on a gross basis. The mortgage, secured by one property, bears interest at daily SOFR plus 220 bps and matures on April 11, 2027.
- The REIT completed 423,894 square feet of leasing at a weighted average rental spread of 11.6% comprising 260,605 square feet of options exercised, 129,773 square feet of renewals, and 33,516 square feet of new leasing. As at June 30, 2025, portfolio occupancy totalled 94.0%.
- Same-property NOI for the trailing twelve month period ended June 30, 2025 increased by \$5.0 million or 3.2% (comprising 111 properties) compared to the same period in the prior year. Including redeveloped properties, same-property NOI increased by \$5.7 million or 3.6%.
- AFFO was \$25.0 million for the six month period ended June 30, 2025, which represents a \$2.1 million or \$0.04 per unit decrease compared to the same period in the prior year. The decrease was driven by increases in interest and finance costs and an increase in current income tax. This was partially offset by increases in NOI. For the six month period ended June 30, 2025, the AFFO pay-out ratio was 103.7%.

#### PART II - LEASING AND PROPERTY PORTFOLIO

#### **LEASING**

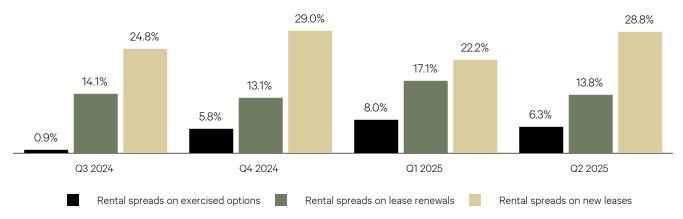

The REIT strives to ensure that its properties are well occupied with tenants who have space that allow them to meet their own business objectives. Accordingly, the REIT proactively monitors its tenant base with the objective to renew in advance of lease maturities, backfill tenant vacancies in instances where a tenant will not renew, or if there is an opportunity to place a stronger or more suitable tenant in the REIT's properties, management endeavors to find a suitable solution. Rental spreads consider the increase or decrease over expiring rents for renewals and options exercised, as well as comparable average in-place rents for new leases.

During the period ended March 31, 2025, the REIT revised its methodology used for categorizing "Deal Types", which impacts several leasing-related operational measures. These measures include, but are not limited to, rental spreads, average base rent, square footage, and leases signed. Previously, the REIT's "Renewal" Deal Type measures included all lease renewals, which comprised leases being executed through contractual tenant options ("Options") and through negotiated market terms upon lease expiry. Effective March 31, 2025, all measures related to the "Renewal" Deal Type include only non-option, negotiated renewals, and Options are now presented as a separate Deal Type category.

Management believes that the revised methodology better reflects the REIT's performance in negotiating lease renewals under current market conditions and thus capturing market rent growth by excluding Options, which reflect predetermined, fixed contractual terms. Accordingly, management concluded that this change represents more useful information for stakeholder decision-making and is better aligned with internal leasing performance indicators. Comparative period measures related to Renewals have been restated using this revised methodology, including the separate disclosure of measures related to Options, in order to provide comparability and consistency amongst the periods presented.

The following table summarizes the REIT's leasing activity for the four most recent quarters, including the REIT's proportionate share of leasing activity from joint venture investments:

Square feet	Deal type			Q2 2025	Q1 2025	Q4 2024		Q3 2024
Less than 10,000	Option	Leases signed		20	8	11		18

		Rental spread		-%	37.3%	7.8%		12.0%
Total new leases (squ	are feet)			33,516	43,098	93,078		123,841
Total leasing activity (square feet)				423,894	222,886	336,548		850,455

During the second quarter, management completed 260,605 square feet of exercised lease options, 129,773 square feet of lease renewals, and 33,516 square feet of new leasing.

The weighted average rental rate increases on options exercised for leases less than 10,000 square feet was \$1.26 per square foot or 7.2% higher than expiring rent. The weighted average rental rate increase on options exercised for leases greater than 10,000 square feet was \$0.47 per square foot or 5.6% higher than expiring rent.

The weighted average rental rate increases on renewals completed for leases less than 10,000 square feet was \$2.55 per square foot or 13.8% higher than expiring rent. There were no renewals completed for leases greater than 10,000 square feet.

The weighted average base rent on all new leases completed for less than 10,000 square feet was \$23.35, which was \$5.22 per square foot or 28.8% higher than average in-place rent.

#### Incremental Base Rent

The following are the REIT's incremental change in base rent for the four most recent quarters:

For the three months ended, June 30, 2025 March 31, 2025 December 31, 2024 September 30, 2024 **Options** Square feet 260.605 99,231 117.541 602,298 \$ Expiring rent per square foot 1 \$ 11.22 \$ 10.33 13.08 \$ 8.76 Rent spread per square foot 1 0.71 0.82 0.75 0.08 Renewals Square feet 129,773 80,557 125,929 124,316 Expiring rent per square foot 1 \$ 18.54 \$ 20.28 \$ 19.43 \$ 19.17 Rent spread per square foot 1 2.55 3.46 2.54 2.71 Vacated Square feet 2 91.732 110,488 74,681 66.705 Expiring rent per square foot 1 \$ 14.92 \$ 14.21 \$ 12.34 \$ 15.67 New 33.516 43.098 93.078 123.841 Square feet New rent per square foot 1 \$ 23.35 \$ 23.00 \$ 18.38 16.65 Total base rent retained 3 \$ \$ 3,961 \$ 1,090 3,063 Ś 6,611 Incremental base rent 3 \$ 1,299 1,352 \$ 2,120 \$ 2,447 \$

<sup>&</sup>lt;sup>1</sup> Calculated on a weighted average basis.

<sup>&</sup>lt;sup>2</sup> Adjusted for lease buyouts and vacancies due to redevelopment.

 $<sup>^{\</sup>rm 3}$  Includes the REIT's share of joint venture investments.

#### Lease maturities

The REIT generally enters into leases with initial terms to maturity between 5 and 10 years with our grocery-anchor tenants. The initial terms to maturity for non-anchor space tend to be of a shorter duration between 3 and 5 years. The weighted average remaining terms to maturity of the REIT's grocery-anchor and non-grocery-anchor tenants as at June 30, 2025 were 4.8 years and 4.1 years, respectively, not including tenants on month-to-month leases. On a portfolio basis, the weighted average remaining term to maturity is 4.5 years.

The following table summarizes the composition of the remaining term to maturity of the REIT's leases at June 30, 2025:

	Weighted average term to maturity	GLA <sup>1</sup>	GLA %
Grocery-anchor	4.8	6,589,451	43.2%
Non-anchor	4.1	7,413,283	48.7%
Total	4.5	14,002,734	91.9%
Month-to-month		324,623	2.1%
Vacant		921,337	6.0%
Total GLA		15,248,694	100.0%

<sup>&</sup>lt;sup>1</sup>Includes the REIT's share of joint venture investments.

Occupancy is determined based on lease commencement. The following table shows the change in occupancy during the three month period ended June 30, 2025:

	Total GLA 1	Occupied GLA 12	Occupancy
March 31, 2025	15,245,835	14,385,573	94.4%
Leasing changes	_	(61,075)	(0.4%)
Expansions	2,500	2,500	-%
Re-measurements	359	359	-%
June 30, 2025	15,248,694	14,327,357	94.0%

<sup>&</sup>lt;sup>1</sup>Includes the REIT's share of joint venture investments.

Occupancy has decreased by 0.4% to 94.0% from March 31, 2025, primarily due to 61,075 square feet of vacancies, net of new leasing. The majority of the decrease is driven by a decrease in occupancy at Forest Plaza and Northlake Commons due to a junior anchor tenant vacating, pursuant to which management is currently exploring backfill options.

The following table shows the change in occupancy during the six month period ended June 30, 2025:

	Total GLA <sup>1</sup>	Occupied GLA 12	Occupancy
December 31, 2024	15,250,717	14,454,185	94.8%
Leasing changes	_	(124,805)	(0.8%)
Expansions	2,500	2,500	-%
Re-measurements	(4,523)	(4,523)	-%
June 30, 2025	15,248,694	14,327,357	94.0%

<sup>&</sup>lt;sup>1</sup>Includes the REIT's share of joint venture investments.

Occupancy has decreased by 0.8% to 94.0% from December 31, 2024, primarily due to 124,805 square feet of vacancies, net of new leasing. The majority of the decrease is driven by a decrease in occupancy at Mid Valley Mall, Forest Plaza and Northlake Commons due to a junior anchor tenant vacating, pursuant to which management is currently exploring backfill options.

<sup>&</sup>lt;sup>2</sup>Leasing changes include new leases, lease buyouts, expirations, and terminations.

<sup>&</sup>lt;sup>2</sup>Leasing changes include new leases, lease buyouts, expirations, and terminations.

The following is a profile of the REIT's leases, excluding the impact of tenant extension options:

	Grocery-anchor Non-anchor						Total				
GLA expiration	GLA		Average in- place rent	GLA	Percentage of portfolio	Average in- place rent	GLA	Percentage of portfolio	Average in- place rent

<sup>&</sup>lt;sup>1</sup>Includes the REIT's share of joint venture investments.

The REIT endeavors to proactively renew upcoming expiries in advance of maturity to de-risk the portfolio, maintain high occupancy levels, ensure a proper mix of tenants at each property and provide certainty in cash flows. As at June 30, 2025, leases expiring in 2025 represent 2.5% of the portfolio's occupied GLA, consisting of 128,212 square feet related to grocery-anchor tenants and 251,055 square feet related to non-anchor tenants.

#### In-place and market rents

The REIT's leasing activity during the three month period ended June 30, 2025 is as follows:

	GLA	Number of tenants	_	ed average xpiring rent	Weigh	ted average new rent
Options executed	260,605	24	\$	11.22	\$	11.93
Renewed leases	129,773	52		18.54		21.09
New leases	33,516	18		N/A		23.35
Total / weighted average	423,894	94	\$	13.65	\$	15.64
Less, leases not renewed / vacated during term <sup>1</sup>	(91,732)	(29)		14.92		N/A
Net total / weighted average <sup>2</sup>	332,162	65		N/A	\$	15.64

<sup>&</sup>lt;sup>1</sup> Adjusted for lease buyouts and vacancies due to redevelopment.

The REIT's leasing activity during the six month period ended June 30, 2025 is as follows:

	GLA	Number of tenants	_	Weighted average expiring rent		0		ted average new rent
Options executed	359,836	33	\$	10.98	\$	11.72		
Renewed leases	210,330	88		19.21		22.11

#### Net rental rates

The following table is a summary of in-place rent for the eight most recent financial quarters of the REIT:

	Q3 2023	Q4 2023	Q1 2024	Q2 2024	Q3 2024	Q4 2024	Q1 2025	Q2 2025
Grocery rent	\$ 9.05	\$ 9.06	\$ 9.03	\$ 9.01	\$ 9.01	\$ 8.98	\$ 9.00	\$ 9.00
Shop space rent	15.26	15.30	15.42	15.57	15.64	15.73	15.87	15.98
Total <sup>1</sup>	\$ 12.37	\$ 12.41	\$ 12.49	\$ 12.56	\$ 12.61	\$ 12.65	\$ 12.72	\$ 12.77

<sup>&</sup>lt;sup>1</sup>Includes the REIT's share of joint venture investments.

#### In-place Rents

The REIT leases to high-quality tenants in well-located centres typically below the average market rent for U.S. strip centres, allowing for increased value in the portfolio through rental rate growth.

#### PROPERTY PROFILE

#### Professional management

Through professional management of the portfolio, the REIT intends to ensure its properties portray an image that will continue to attract consumers as well as provide preferred locations for its tenants. Well-managed properties enhance the shopping experience and ensure customers continue to visit the centres. Professional management of the portfolio has enabled the REIT to maintain a high occupancy level, currently 94.0% at June 30, 2025.

Occupancy has decreased by 0.4% to 94.0% from March 31, 2025, primarily due to 61,075 square feet of vacancies net of new leasing, as discussed above.

#### Geographic overview

The REIT's portfolio is geographically diversified. As of June 30, 2025, the REIT's 116 properties were located in 23 states with a presence in 50 MSAs. The REIT has 70 properties, or 60.3% of the total portfolio, located in the U.S. sunbelt region. Markets within this region benefit from strong underlying demographic trends, above average employment, and population growth. This provides the REIT opportunities to progressively drive operational efficiencies and sustainable growth.

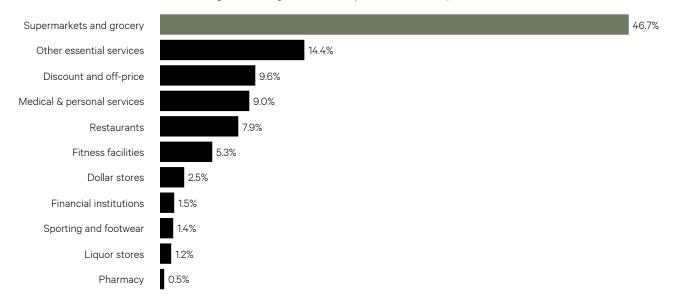

The following is a summary of the geographic location and relative dispersion of the REIT's property portfolio:

State	Number of assets	Total SF	Occupied SF	Occupancy	
Florida	19	2,470,128	2,308,450	revenue 18.7%	93.5%
North Carolina	16	1,922,711	1,863,896	12.9%	96.9%
New York	12	1,698,309	1,467,032	11.3%	86.4%
Georgia	9	1,136,031	1,112,249	7.5%	97.9%

#### Tenant categories

As of June 30, 2025, the REIT has the following tenant categories within the portfolio, allocated by GLA:

The REIT's portfolio of tenants is a diversified mix of leading grocers, national brands, and strong regional performers complemented by local operators providing needed services and goods to their local communities. These tenants are typically non-discretionary goods and services that drive foot traffic at the REIT's centres. The REIT's properties, which are located in well-established neighborhoods, facilitate efficient last mile delivery. Overall, 69% of the REIT's portfolio is leased to tenants that provide essential services to their local community.

#### Anchor tenants

The REIT endeavors to own properties with anchors who are dominant in their respective regions in terms of operational scale and sales. Accordingly, the REIT's anchor tenants are often either the first or second dominant store in their respective area in terms of market share. The following table identifies the REIT's largest anchor tenants including their annual minimum rent, the number of stores, GLA as a percentage of the total portfolio, and the percentage of total base rent. The Kroger Co. represents the REIT's largest tenant by base rent with a total of 24 stores and 5.8% of total base rent.

The largest 15 tenants account for 44.7% of total GLA and 33.8% of total base rent as follows:

Parent company	Store brands	Grocery	Stores	% GLA	Base rent	% Base rent
The Kroger Co.	Kroger, Pick 'n Save, Harris Teeter, Mariano's	Υ	24	9.2%	\$ 10,693	5.8 %

Total <sup>1</sup>			150	44.7%	\$ 62,135	33.8%

<sup>&</sup>lt;sup>1</sup>Includes the REIT's share of joint venture investments.

#### Development

The REIT's redevelopment program is focused on growing income and unlocking value by revitalizing tenant uses and creating a better customer experience at select properties. Redevelopment is generally considered to begin when activities that change the condition of the property commence. Redevelopment ceases when the asset is in the condition and has the capability of operating in the manner intended, which is generally at cessation of construction and tenanting. For purposes of reporting same-property NOI, redevelopment assets are excluded from the same-property portfolio in the period in which they are re-classified as a redevelopment property and are excluded until they are operating as intended in all of both the current and comparative periods. The carrying value of redevelopment properties includes the acquisition cost of property and direct redevelopment costs attributed to the project. The REIT does not capitalize interest for its projects under development. Interest expense is recognized as incurred in income which is not comparable to other REITs or other corporations that capitalize interest.

The REIT has classified the following assets as redevelopment properties:

East Little Creek is a 66,000 square foot single tenant shopping center, which was previously occupied by Kroger. The property is ideally located at the intersection of East Little Creek Rd. and I-64 in Norfolk, Virginia, situated at the entrance of the Norfolk Naval Base. Within this immediate trade area, there is also ongoing synergetic development activity being undertaken that is drawing considerable foot traffic and demand for retail space. The property is being held for development and the REIT is undergoing activities to reposition the site, which is expected to include the demolition of the existing building and the development of outparcel pads. The REIT is currently in discussions with various national retail users for this purpose.

Culver Ridge Plaza is a 225,000 square foot shopping center located in Irondequoit, New York, in close proximity to downtown Rochester. The property is currently occupied by Marshalls, Dollar Tree, and Petco, as well as a mix of national and local in-line retailers and financial institutions. The property was originally acquired with a 58,000 square foot vacancy related to a former Regal Cinemas and there were no lease-up assumptions for the unit included in underwriting the acquisition. The REIT is re-demising this unit into three junior anchor spaces, along with two smaller in-line units. To date, the REIT has executed leases with Burlington, Five Below, and Kids Empire. Rental revenue from Burlington and Five Below is expected to commence in the second half of 2025, with Kids Empire expected to commence in 2026. In connection with the development, the REIT entered into a mortgage for a total facility amount of \$17.4 million. This development will provide significant value creation and stabilize the asset's occupancy by securing long-term leases with strong, national tenants.

		Expected	Estimated	Estimated vield on cost		Estimate	d investment
Property	Nature of redevelopment	completion		("YOC")	Incurred	Remaining	Total
Culver Ridge Plaza	Junior anchor repositioning	Q4 2025	\$ 1,205	11.2%	\$ 7,549	\$ 3,251 \$	10,800

#### FAIR VALUE

The REIT's property portfolio at June 30, 2025 had an estimated fair value of \$2.1 billion, with a weighted average capitalization rate of 7.2% and on a proportionate basis, the fair value is \$2.4 billion. Overall, the average estimated proportionate value of the REIT's portfolio is \$156 per square foot.

The following table presents a summary of the valuation assumptions used to estimate the fair value of all the REIT's properties as follows:

	June 30, 2025	December 31, 2024
Capitalization rate range <sup>1</sup>	5.8% - 9.3%	5.6% - 10.2%
Weighted average capitalization rate <sup>1</sup>	7.2%	7.2%

<sup>&</sup>lt;sup>1</sup>Includes the REIT's share of joint venture investments.

The June 30, 2025 weighted average capitalization rate remained unchanged at 7.2% from December 31, 2024.

The fair value of properties is measured individually without consideration to their aggregate value on a portfolio basis. No consideration is given to diversification benefits related to single property tenant risk and geography, the value of assembling a portfolio, or to the utilization of a common management platform, amongst other benefits. As a result, the fair value of the REIT's properties taken in aggregate may differ from the fair value of properties measured individually in the REIT's consolidated statements of financial position.

The change in properties is as follows:

	Three mon	ths end	ded June 30,	Six mon	ths end	ded June 30,
	2025		2024	2025		2024

End of the period	\$	2,065,464	\$	312,300	\$	2,377,764	\$	2,049,811	\$	308,800	\$	2,358,611	

<sup>1</sup> Change in fair value includes impacts due to valuation parameters, cash flows and accounting adjustments for IFRIC 21 property tax and straight-line rent.

Including the impact of the REIT's joint venture arrangements, capital, leasing, and tenant improvement costs for the three and six month periods ended June 30, 2025 were \$3.8 million and \$7.7 million, respectively. Such costs are generally expended for purposes of tenanting and renewing existing leases, which maintain and create value at the REIT's properties and the portfolio as a whole by increasing contractual cash flow through new and extended leases. The REIT will continue to capitalize on opportunities to revitalize, undertake space improvements, and generally maintain the high quality of the properties and tenants. These expenditures can vary from period to period, at times significantly, depending upon the timing of lease expires, re-leasing, and management's capital plan for the period.

#### Fair value adjustments on properties

For the three month period ended June 30, 2025, the change in fair value of properties increased by \$3.3 million compared to the prior year primarily due to changes in valuation parameters and cash flows, partially offset by IFRIC 21 adjustments. For the six month period ended June 30, 2025, the change in fair value of properties increased by \$9.9 million, mainly due to changes in valuation parameters and cash flows, partially offset by IFRIC 21 adjustments.

The following table presents the impact of certain accounting adjustments on the fair value adjustments recorded versus management's estimate of future cash flows and valuation assumptions:

	 Three mo	nths e	nded June 30,	Six months ended June 30					
	2025		2024	2025		2024			
Valuation parameters and cash flows	\$ (1,360)	\$	(4,980)	\$ (1,727)	\$	(12,329)			
IFRIC 21 property tax adjustment	(6,983)		(6,696)	13,884		14,449			
Adjusted for straight-line rent	(111)		(30)	(312)		(144)			
Total	\$ (8,454)	\$	(11,706)	\$ 11,845	\$	1,976			

The fair value change of properties is impacted by IFRIC 21 property tax adjustments recorded on the REIT's portfolio. For acquisition purposes, the REIT determines the obligating event for property taxes is ownership of the property on the first of January of the fiscal year. As a result, the annual property tax liability and expense has been recognized on the properties owned on the first of January of each year, with a corresponding increase to the fair value of properties that is reversed as the liability is settled through property tax installments.

The change in fair value of properties recorded in income excludes the impact of tenanting and leasing costs, landlord work, and development and expansion capital, not all of which are additive to value but are directly capitalized to the property.

#### PART III - RESULTS OF OPERATIONS

#### SUMMARY OF SELECTED QUARTERLY INFORMATION

The selected quarterly information highlights performance over the most recently completed eight quarters and is reflective of the timing of acquisitions, leasing, and maintenance expenditures. Similarly, debt reflects financing activities related to acquisitions which serve to increase AFFO in the future, as well as ongoing financing activities for the existing portfolio. Accordingly, rental revenue, NOI, NAV, FFO, and AFFO are reflective of changes in the underlying income-producing asset base and changing leverage.

Quarter ended		Q2 2025		Q1 2025		Q4 2024		Q3 2024		Q2 2024		Q1 2024		Q4 2023		Q3 2023

#### REVENUE

Revenue from properties include base rent from tenants, straight-line rental income, property tax and operating cost recoveries, and other incidental income.

Rental revenue for the three and six month periods ended June 30, 2025 increased by \$0.6 million and \$1.7 million, respectively, compared to the same periods in the prior year primarily as a result of strong leasing activity, partially offset by the disposition of Stonefield Square in the prior year and temporary vacancies.

#### PROPERTY OPERATING EXPENSES

Property operating expenses consist of property taxes, property management fees, and other operating expenses including common area costs, utilities, and insurance. The majority of the REIT's operating expenses are recoverable from tenants in accordance with the terms of their respective lease agreements. Operating expenses fluctuate with changes in occupancy, weather conditions, and levels of repairs and maintenance.

Property operating expenses for the three month period ended June 30, 2025 remained relatively flat compared to the same period in the prior year. For the six month period ended June 30, 2025, property operating expenses increased by \$0.4 million compared to the same period in the prior year primarily due to increased snowfall during the current period.

In accordance with IFRIC 21, the REIT recognizes the annual property tax liability and expense on its existing properties as at January 1<sup>st</sup> of each year, rather than progressively, i.e., ratably, throughout the year. The recognition of property taxes as a result of IFRIC 21 has no impact on NOI, FFO or AFFO.

#### FAIR VALUE ADJUSTMENTS ON REIT UNITS AND EXCHANGEABLE UNITS OF SUBSIDIARIES

Class B units of Slate Grocery One L.P. ("LP1") and Slate Grocery Two L.P. ("LP2") and exchangeable limited partnership units of GAR (1B) Limited Partnership ("GAR B"), all of which are issued by subsidiaries of the REIT (collectively, the "exchangeable units of subsidiaries"), are classified as financial liabilities under IFRS Accounting Standards and are measured at fair value with any changes in fair value recognized in unit (expense) income in the consolidated statements of income. The fair value is re-measured at the end of each reporting period. An unrealized gain represents a decrease in the fair value per unit whereas an unrealized loss represents an increase in the fair value per unit. The fair value per unit on June 30, 2025 was \$10.56 (December 31, 2024 – \$9.62). Changes in fair value of exchangeable units of subsidiaries are non-cash in nature and are required to be recorded in income under IFRS Accounting Standards.

For the three and six month periods ended June 30, 2025, the REIT recognized an unrealized fair value loss of \$0.7 million and \$0.9 million, respectively, on the exchangeable units of subsidiaries as a result of the change in fair value per unit over the comparative periods (three and six month periods ended June 30, 2024 - fair value gain of \$0.4 million and \$1.0 million, respectively).

#### GENERAL AND ADMINISTRATIVE EXPENSES

General and administrative expenses include fees for asset management, legal, trustee services, tax compliance, audit, reporting, marketing, bad debt expenses, and franchise and business taxes. Franchise and business taxes are typically billed in the following calendar year to which they relate.

	Three months ended June 30,						Six months ended June 30			June 30,	
		2025		2024	\	Variance	2025		2024		Variance
Asset management fees	\$	2,288	\$	2,255	\$	33	\$ 4,577	\$	4,534	\$	43
Professional fees and other		1,431		1,354		77	2,941		2,670		271
Bad debt expense		196		270		(74)	522		515		7
Franchise and business taxes		81		70		11	154		175		(21)
Total	\$	3,996	\$	3,949	\$	47	\$ 8,194	\$	7,894	\$	300
% of total assets		0.2%		0.2%		-%	0.4%		0.4%		-%
% of total revenue		7.6%		7.6%		-%	7.8%		7.6%		0.2%

General and administrative expenses for the three month period ended June 30, 2025 remained relatively flat compared to the same period in the prior year.

For the six month period ended June 30, 2025, general and administrative expenses increased by \$0.3 million compared to the same period in the prior year. The increase is attributed to an increase in professional fees due to the timing of services rendered.

	Three months ended June 30,						Six months ended June 30,				
	2025		2024	,	Variance		2025		2024	,	Variance
Interest on debt and finance charges	\$ 16,516	\$	17,119	\$	(603)	\$	32,832	\$	34,261	\$	(1,429)
Interest rate swaps, net settlement	(1,956)		(3,537)		1,581		(3,891)		(7,094)		3,203
Interest income	(119)		_		(119)		(252)		(103)		(149)
Amortization of finance charges and MTM premium	1,312		628		684		2,518		1,377		1,141
Amortization of gain on financial instrument	(192)		(192)		-		(384)		(384)		_
Amortization of deferred gain on TIF notes	(22)		(22)		_		(44)		(44)		
Total	\$ 15,539	\$	13,996	\$	1,543	\$	30,779	\$	28,013	\$	2,766

The following shows the change in interest on debt and finance charges, net of interest rate swaps for the three month period ended June 30, 2025 compared to the same period in the prior year:

Interest on debt and finance charges, net of interest rate swaps, June 30, 2024	\$ 13,582
Change in variable debt levels and interest rates, net of interest rate hedges <sup>1</sup>	402
Change in debt spreads on variable	25
Change in debt level and interest rates on fixed rate debt	562
Change in standby fee and other charges	(11)
Interest on debt and finance charges, net of interest rate swaps, June 30, 2025	\$ 14,560
Year-over-year change - \$	\$ 978
Year-over-year change - %	7.2%

<sup>&</sup>lt;sup>1</sup>The weighted average interest rate cost of the REIT's floating rate debt, net of interest rate swaps for the three month period ended June 30, 2025 is 4.9% (June 30, 2024 – 4.6%).

Interest expense and other finance costs, net consists of interest paid on the revolving credit facility ("revolver"), term loans, and mortgages, as well as standby fees paid on the REIT's revolver and receipts or payments made under interest rate swap contracts.

Interest on debt, net of interest rate swaps increased by \$1.0 million and \$1.8 million for the three and six month periods ended June 30, 2025, respectively, compared to the same period in the prior year. The increases were primarily driven by a higher average outstanding debt balance and increased interest costs on refinanced mortgages, partially offset by decreases in the SOFR rate.

On June 5, 2025, the REIT entered into a \$39.3 million pay-fixed, receive-float interest swap contract to hedge the cash flow risk associated with a \$39.3 million portfolio refinancing and it's monthly SOFR-based interest payments (refer to Debt within Part IV - Financial Condition).

The REIT's pay-fixed, receive-float interest rate swaps hedge the cash flow risk associated with one-month SOFR based interest payments, with 91.6% of the REIT's debt subject to fixed rates at June 30, 2025. The weighted average fixed rate of the REIT's interest rate swaps was 3.1% compared to the one-month SOFR of 4.3% at June 30, 2025, with a weighted average term to maturity of 2.0 years. Under these arrangements, for the three and six month periods ended June 30, 2025 the REIT has received \$2.0 million and \$3.9 million, respectively, of net interest receipts.

The REIT does not capitalize interest for its projects under development. Interest expense is recognized as incurred in income, which is not comparable to other REITs or other corporations that capitalize interest.

#### **NET INCOME**

For the three month period ended June 30, 2025, net income decreased by \$0.9 million compared to the same period in the prior year. The decrease is primarily attributed to the increases in interest and finance costs, as well as increases in unit expense, partially offset by increases in change in fair value of properties.

For the six month period ended June 30, 2025, net income increased by \$1.5 million compared to the same period in the prior year. The increase is attributed to the aforementioned increases in revenue and the change in fair value of properties, partially offset by increases in interest and finance costs.

#### NOI

NOI is a non-IFRS measure and is defined by the REIT as property rental revenue, excluding non-cash straight-line rent, less property operating expenses after adjusting for the impact of IFRIC 21 property tax accounting adjustments. Rental revenue excludes revenue recorded as a result of recording rent on a straight-line basis for IFRS Accounting Standards, which management believes reflects the cash generation activity of the REIT's properties. NOI is an important measure of the income generated from the REIT's properties and is used by the REIT in evaluating the performance of its properties. NOI may not be comparable with similar measures presented by other entities and is not to be construed as an alternative to net income or cash flow from operating activities determined in accordance with IFRS Accounting Standards.

		Three months	ended June 30,		Six months e	ended June 30,
	2025	2024	Variance	2025	2024	Variance
Rental revenue	\$ 52,385	\$ 51,818	\$ 567	\$ 105,452	\$ 103,733	\$ 1,719
Straight-line rent revenue	(111)	(30)	(81)	(312)	(144)	(168)
Property operating expenses	(9,071)	(9,134)	63	(47,142)	(46,734)	(408)
IFRIC 21 property tax adjustment	(6,983)	(6,696)	(287)	13,884	14,449	(565)
Contribution from joint venture investments	5,440	5,484	(44)	11,017	10,710	307
NOI 1	\$ 41,660	\$ 41,442	\$ 218	\$ 82,899	\$ 82,014	\$ 885

<sup>&</sup>lt;sup>1</sup>Excludes the impact of non-controlling interest.

The following shows the change in NOI for the three month period ended June 30, 2025 compared to the same period in the prior year:

NOI, June 30, 2024 <sup>1</sup>	\$ 41,442
Change in same-property NOI 1	460
Loss of contribution from dispositions, including outparcel sales	(242)
NOI, June 30, 2025	\$ 41,660
Year-over-year change - \$	\$ 218
Year-over-year change - %	0.5%

<sup>&</sup>lt;sup>1</sup>Includes the REIT's share of joint venture investments.

NOI for the three month period ended June 30, 2025 was \$41.7 million, which represents an increase of \$0.2 million from the same period in 2024, mainly driven by strong leasing activity, partially offset by short-term vacancies and the loss of NOI contribution from the disposition of Stonefield Square.

The following shows the change in NOI for the three month period ended June 30, 2025 compared to the immediately preceding quarter:

NOI, March 31, 2025 <sup>1</sup>	\$ 41,239
Change in same-property NOI 1	410
Gain of contribution from properties under redevelopment	11
NOI, June 30, 2025	\$ 41,660
Quarter-over-quarter change - \$	\$ 421
Quarter-over-quarter change - %	1.0%

<sup>&</sup>lt;sup>1</sup>Includes the REIT's share of joint venture investments.

NOI for the current quarter increased by \$0.4 million from the first quarter of 2025 to \$41.7 million attributable to decreases in seasonal property operating expenses, partially offset by a decrease in percentage rent.

#### SAME-PROPERTY NOI

Same-property NOI is a non-IFRS measure and is defined by the REIT as rental revenue, excluding non-cash straight-line rent, less property operating cost expenses after adjusting for the impact of IFRIC 21 property tax accounting adjustments for those properties owned by the REIT for the entirety of each of the current period and the relevant comparative period excluding those properties under redevelopment. For the three month period ended June 30, 2025, the same-property portfolio consists of a portfolio of 114 properties owned and in operation for each of the entire three month periods ended June 30, 2025 and 2024.

Same-property NOI is an important measure of the income generated from the REIT's properties period-over-period, but without consideration of acquisition and disposition activity, and is used by the REIT in evaluating the performance of its properties. The REIT seeks to increase or maintain same-property NOI through high-occupancy, increasing rents on renewal to market rents, and by signing leases with embedded rent increases throughout the term of the lease.

The following is a summary of same-property NOI and the related occupancy rates for the three month period ended June 30, 2025 as compared to the same period in the prior year, reconciled to total NOI:

	Number of			Three months e	nded June 30,
	properties	2025	2024	Variance	Change (%)
Same-property NOI 1	114	\$ 41,390	\$ 40,930	\$ 460	1.1%
NOI attributable to properties under redevelopment	2	270	270	_	
NOI attributable to disposition, including outparcel sales	1	_	242	(242)	
Total NOI <sup>1</sup>		\$ 41,660	\$ 41,442	\$ 218	0.5%
Occupancy, same-property 1	114	94.5%	94.8%	(0.3%)	
Occupancy, properties under redevelopment	2	63.7%	58.4%	5.3%	
Occupancy, disposition, including outparcel sales	1	-%	95.2%	(95.2%)	
Occupancy, portfolio <sup>1</sup>		94.0%	94.2%	(0.2%)	·

<sup>&</sup>lt;sup>1</sup>Includes the REIT's share of joint venture investments.

Same-property NOI for the current quarter increased by 1.1% or \$0.5 million over the comparative period. The increase was primarily attributed to increases in base rent income driven by strong leasing activity, partially offset by a decrease in recoveries and temporary vacancies.

The following is a summary of same-property NOI and the related occupancy rates for the trailing twelve month period ended June 30, 2025, as compared to the same period in the prior year, reconciled to total NOI:

	Number of		٦	railing twelve m	onths, June 30,
	properties	2025	2024	Variance	Change (%)
Same-property NOI <sup>1</sup>	111	\$ 159,856	\$ 154,863	\$ 4,993	3.2%
NOI attributable to redeveloped properties	3	5,366	4,640	726	
NOI attributable to properties under redevelopment	2	1,034	1,890	(856)	
NOI attributable to dispositions, including outparcel sales	1	2	942	(940)	
Total NOI <sup>1</sup>		\$ 166,258	\$ 162,335	\$ 3,923	2.4%
Occupancy, same-property <sup>1</sup>	111	94.6%	94.9%	(0.3%)	
Occupancy, redeveloped properties	3	90.4%	91.1%	(0.7%)	
Occupancy, properties under redevelopment	2	63.7%	58.4%	5.3%	
Occupancy, dispositions, including outparcel sales	1	—%	94.1%	(94.1%)	
Occupancy, portfolio <sup>1</sup>		94.0%	94.2%	(0.2%)	

<sup>&</sup>lt;sup>1</sup>Includes the REIT's share of joint venture investments.

Same-property NOI for the trailing twelve month period ended June 30, 2025 increased by 3.2% or \$5.0 million over the comparative period. This increase was primarily attributed to increases in base rental income driven by strong leasing activity and increase in net tax recoveries, partially offset by temporary vacancies. Including the impact of completed redevelopments, same-property NOI increased by 3.6% or \$5.7 million over the comparative period.

Same-property NOI by quarter and percentage change over the relevant comparative period for the respective quarter is as follows:

	Number of properties	Same-property NOI	Same-property change (%)
Q3 2023	100	31,850	0.1%
Q4 2023	113	38,564	(1.2%)
Q1 2024	113	39,229	1.1%
Q2 2024	112	40,022	2.6%
Q3 2024	111	40,204	4.8%
Q4 2024	113	40,901	4.9%
Q1 2025	114	40,980	2.8%
Q2 2025	114	41,390	1.1%

## **NET ASSET VALUE**

Net asset value is a non-IFRS measure and is defined by the REIT as the aggregate of the carrying value of the REIT's equity, exchangeable units of subsidiaries and deferred tax liability. Management believes that this measure reflects the residual value of the REIT to equity holders and is used by management on both an aggregate and per unit basis to evaluate the net asset value attributable to unitholders and changes thereon based on the execution of the REIT's strategy.

The following is the calculation of net asset value on a total and per unit basis to the REIT's consolidated financial statements:

	June 30, 2025	Dece	ember 31, 2024
Total equity	\$ 844,830	\$	853,959
Less: non-controlling interest	(178,823)		(180,485)
Adjusted unitholders' equity	\$ 666,007	\$	673,474
Deferred income taxes	156,968		153,580
Exchangeable units	9,583		8,733
NAV	\$ 832,558	\$	835,787
Class U units outstanding	60,412		60,378
NAV per unit	\$ 13.78	\$	13.84

NAV per unit has decreased by \$0.06 primarily due to distributions made and a decrease in the fair values of financial instruments and properties, partially offset by funds generated from operations.

	June 30, 2025	Dec	ember 31, 2024
Properties	\$ 2,065,464	\$	2,054,511
Other non-current assets	122,519		120,743
Current assets	53,486		58,445
Debt	(1,177,515)		(1,166,655)
Other non-current liabilities	(5,801)		(4,378)
Other current liabilities	(46,772)		(46,394)
Non-controlling interest	(178,823)		(180,485)
NAV	\$ 832,558	\$	835,787
Class U units outstanding	60,412		60,378
NAV per unit	\$ 13.78	\$	13.84

## FFO

FFO is a non-IFRS measure and real estate industry standard for evaluating operating performance. The REIT calculates FFO in accordance with the definition provided by the Real Property Association of Canada ("REALPAC") in its White Paper on FFO and AFFO for IFRS Accounting Standards, as revised in January 2022. FFO is an important measure of the operating performance of REITs and is used by the REIT in evaluating the combined performance of its operations and the impact of its capital structure.

In calculating FFO, the REIT makes adjustments to the change in the fair value of properties, change in fair value of interest rate hedges recognized in income (loss), deferred income tax (expense) recovery, unit (expense) income, and IFRIC 21 accounting related adjustments.

		Three months er		Six months er	ided June 30,	
	2025	2024	Variance	2025	2024	Variance
Net income	\$ 13,081	\$ 14,003	\$ (922)	\$ 29,163	\$ 27,615	\$ 1,548
Change in fair value of financial instruments	608	(272)	880	1,822	(2,458)	4,280
Disposition costs	_	290	(290)	_	290	(290)
Change in fair value of properties	8,454	11,706	(3,252)	(11,845)	(1,976)	(9,869)
Deferred income tax expense	2,174	1,570	604	5,209	3,161	2,048
Unit expense (income)	1,122	(325)	1,447	1,574	(937)	2,511
Adjustments for joint venture investments	1,432	1,348	84	(173)	1,733	(1,906)
Taxes on dispositions	_	297	(297)	_	297	(297)
Non-controlling interest	(4,005)	(4,449)	444	(7,994)	(8,504)	510
IFRIC 21 property tax adjustment	(6,983)	(6,696)	(287)	13,884	14,449	(565)
FFO	\$ 15,883	\$ 17,472	\$ (1,589)	\$ 31,640	\$ 33,670	\$ (2,030)
FFO per WA unit	\$ 0.26	\$ 0.29	\$ (0.03)	\$ 0.52	\$ 0.56	\$ (0.04)
WA number of units outstanding	60,403	60,327	76	60,394	60,317	77

The following is a calculation of FFO from NOI:

		Three months e	nded June 30,	, Six months ended June 3			
	2025	2024	Variance	2025	2024	Variance	
NOI	\$ 41,660	\$ 41,442	\$ 218	\$ 82,899	\$ 82,014	\$ 885	
Straight-line rent revenue	111	30	81	312	144	168	
General and administrative expenses	(3,996)	(3,949)	(47)	(8,194)	(7,894)	(300)	
Cash interest, net <sup>1</sup>	(14,419)	(13,560)	(859)	(28,645)	(27,020)	(1,625)	
Finance charge and mark-to-market adjustments	(1,120)	(436)	(684)	(2,134)	(993)	(1,141)	
Adjustments for joint venture investments	(2,110)	(2,124)	14	(4,299)	(4,270)	(29)	
Non-controlling interest	(4,005)	(4,449)	444	(7,994)	(8,504)	510	
Current income tax (expense) recovery	(238)	518	(756)	(305)	193	(498)	
FFO	\$ 15,883	\$ 17,472	\$ (1,589)	\$ 31,640	\$ 33,670	\$ (2,030)	

<sup>&</sup>lt;sup>1</sup>Cash interest, net comprises total interest and finance costs less amortization of finance charges, and mark-to-market adjustments.

FFO for the three and six month periods ended June 30, 2025 was \$15.9 million and \$31.6 million, representing a \$1.6 million and \$2.0 million decrease, respectively, compared to the same periods in the prior year. This was largely attributable to higher interest and finance charges, as well as increases in current income tax, partially offset by the aforementioned increases in NOI.

#### **AFFO**

AFFO is a non-IFRS measure that is used by management of the REIT, as well as other real estate issuers and investors, to measure recurring cash flows, including certain capital costs, leasing costs, tenant improvements, and the impact of non-cash revenue. As described above, the REIT calculates AFFO as FFO adjusted for revenue sustaining capital expenditures, leasing costs, tenant improvements, and straight-line rent. The calculation excludes redevelopment and expansion capital expenditures, which are revenue enhancing. The REIT's calculation is consistent with AFFO as calculated by REALPAC in its White Paper on FFO and AFFO for IFRS, as revised in January 2022. However, the REIT uses AFFO as a cash flow measure and considers it a meaningful measure used to evaluate the cash available for distribution to unitholders, while REALPAC considers AFFO as a recurring economic earnings measure. Accordingly, the REIT's use and calculation of AFFO may be different than the use or as disclosed by other businesses, and as a result, may not be comparable to similar measures presented by others.

The following is a reconciliation of cash flow from operations as included in the REIT's consolidated cash flow statement to AFFO:

		Three months e		Six months ended June 30,			
	2025	2024	Variance	2025	2024	Variance	
Cash flow from operations	\$ 21,187	\$ 19,582	\$ 1,605	\$ 40,746	\$ 36,621	\$ 4,125	
Changes in non-cash working capital items	(3,761)	(1,224)	(2,537)	(6,304)	(772)	(5,532)	
Disposition costs	_	290	(290)	_	290	(290)	
Finance charge and mark-to-market adjustments	(1,120)	(436)	(684)	(2,134)	(993)	(1,141)	
Interest, net and TIF note adjustments	141	22	119	296	147	149	
Adjustments for joint venture investments	2,748	2,665	83	5,511	5,096	415	
Non-controlling interest	(3,276)	(3,678)	402	(6,508)	(7,021)	513	
Taxes on dispositions	_	297	(297)	_	297	(297)	
Capital expenditures	(1,798)	(1,407)	(391)	(2,967)	(2,143)	(824)	
Leasing costs	(803)	(611)	(192)	(1,436)	(1,419)	(17)	
Tenant improvements	(694)	(1,405)	711	(2,192)	(2,963)	771	
AFFO	\$ 12,624	\$ 14,095	\$ (1,471)	\$ 25,012	\$ 27,140	\$ (2,128)	

In calculating AFFO, the REIT makes adjustments to FFO for certain items including capital, leasing costs, tenant improvements, and straight-line rental revenue.

The following is a reconciliation of FFO to AFFO:

	Three months ended June 30,					Six	months er	nded .	June 30,	
	2025		2024	١	/ariance	2025		2024	١	/ariance

AFFO	\$ 12,624	\$ 14,095	\$ (1,471)	\$ 25,012	\$ 27,140	\$ (2,128)			

<sup>&</sup>lt;sup>1</sup>Cash interest, net comprises total interest and finance costs less amortization of finance charges, and mark-to-market adjustments.

AFFO for the three and six month periods ended June 30, 2025 was \$12.6 million and \$25.0 million respectively, which represents a \$1.5 million and \$2.1 million decrease from the respective comparative periods. This decrease is mainly due to higher interest and finance charges, as well as an increase in current income tax, partially offset by the increase in NOI.

Capital improvements may include, but are not limited to, items such as parking lot resurfacing and roof replacements. These items are recorded as part of properties. Tenant improvements, leasing commissions, landlord work, and maintenance capital expenditures can vary from period to period, at times significantly, depending upon the timing of lease expiries, re-leasing, and management's capital plan for the period. Such costs are generally expended for purposes of tenanting and extending existing leases, which create value at the REIT's properties and the portfolio as a whole by increasing contractual cash flow through new and extended leases. The REIT will continue to capitalize on value-add opportunities to revitalize, undertake space improvements and generally maintain the high quality of the properties and tenants. As a result of the natural variability of such costs, the REIT's calculation of AFFO will be variable when comparing current period results to prior periods.

## Capital, leasing costs, and tenant improvements

During the second quarter, capital improvements were completed across the portfolio. Leasing costs were generally related to the high volume of new and renewal activity, totaling 94 leases executed in the current quarter. Leasing costs were well spread out across each deal with no singular deal representing a large percentage of the total expenditure. Leasing costs to secure new tenants are generally higher than the costs to renew in-place tenants. In addition to property reinvestment, the leasing capital consists of fees related to tenant improvement allowances and other direct leasing costs, such as broker commissions and legal costs.

The following is a reconciliation of net income to AFFO using a proportionate share (non-IFRS) measure. With the exception of net income, the table includes figures that are recorded as an equity investment, information that is not explicitly disclosed or presented in the consolidated financial statements.

	Thre	e months ende	d June 30, 2025	Three months ended June 30, 2024

#### DISTRIBUTIONS

Pursuant to the Declaration of Trust, the income of the REIT is distributed on dates and in amounts as determined by the board of trustees. The REIT's current monthly distribution to unitholders is \$0.072 per class U unit or \$0.864 per class U unit on an annualized basis. Class A and I unitholders of REIT units and holders of exchangeable units of subsidiaries are entitled to a distribution equal to a class U unit distribution. Distributions paid for the three and six month periods ended June 30, 2025 remained consistent with the comparative periods.

The following table summarizes the REIT's distributions and reconciliation to distributions paid or settled:

		Three months ended June 30,						nded J	une 30,
	20	25	2024	٧	/ariance	2025	2024	Va	ariance
Declared									
REIT units distributions	\$ 12,7	72	12,772	\$	_	\$ 25,544	\$ 25,544	\$	_
Exchangeable units of subsidiaries distributions	1	96	196		_	392	392		_
	\$ 12,9	68	\$ 12,968	\$	_	\$ 25,936	\$ 25,936	\$	_
Add: Distributions payable, beginning of period	4,3	23	4,323		_	4,323	4,323		_
Less: Distributions payable, end of period	(4,3	23)	(4,323)		_	(4,323)	(4,323)		_
Distributions paid	\$ 12,9	68	12,968	\$	_	\$ 25,936	\$ 25,936	\$	_

#### Taxation of distributions

The REIT qualifies as a "mutual fund trust" under the Canadian Income Tax Act. For taxable Canadian resident REIT unitholders, the REIT's distributions were treated as follows for tax purposes:

Taxation year, on a per dollar of distribution	Other investment income	Return of capital	Capital gains	Other income	Foreign tax paid
2024	22.6%	29.0%	-%	49.5%	(1.1%)
2023	-%	51.0%	-%	50.4%	(1.4%)
2022	-%	34.9%	6.3%	59.9%	(1.1%)

## FFO payout ratio

The FFO payout ratio is a non-IFRS measure that provides a representation of the distributions generated by the REIT compared to FFO. Management uses this measure on a total and per unit basis to evaluate the REIT's ability to sustain its distributions. The FFO payout ratio is calculated by dividing aggregate distributions made in respect of REIT units and exchangeable units of subsidiaries by FFO during the period of measurement.

The FFO payout ratio for the three and six month periods ended June 30, 2025, increased by 7.4% and 5.0%, respectively, due to the aforementioned decreases in FFO.

The table below illustrates the REIT's cash flow capacity, based on FFO, in comparison to its declared distributions:

	 Three month	ns ende	d June 30,	Six months ended June 30					
	2025		2024		2025		2024		
FFO	\$ 15,883	\$	17,472	\$	31,640	\$	33,670		
Distributions declared <sup>1</sup>	(12,968)		(12,968)		(25,936)		(25,936)		
Excess of FFO over distributions declared	\$ 2,915	\$	4,504	\$	5,704	\$	7,734		
FFO payout ratio	81.6%		74.2%		82.0%		77.0%		

<sup>&</sup>lt;sup>1</sup>Distributions declared represent distributions on REIT units and exchangeable units of subsidiaries.

# AFFO payout ratio

The AFFO payout ratio is a non-IFRS measure that provides a representation of the distributions generated by the REIT compared to AFFO. Management uses this measure on a total and per unit basis to evaluate the REIT's ability to sustain its distributions. The AFFO payout ratio is calculated by dividing aggregate distributions made in respect of REIT units and exchangeable units of subsidiaries by AFFO during the period of measurement.

As described above, the REIT's determination of AFFO includes actual capital, leasing costs, and tenant improvements, which can vary from period to period, at times significantly, depending upon the timing of lease expiries, re-leasing, and management's capital plan for the period. As a result of the natural variability of such costs, the REIT's calculation of its AFFO payout ratio will be variable when comparing current period results to prior periods, and accordingly, inherently more volatile than the REIT's FFO payout ratio which does not include such costs. The actual ratio may from time-to-time be outside of this range.

The REIT strives to maintain an AFFO payout ratio that provides steady and reliable distributions to unitholders. As a result, the REIT is focused on maintaining a policy that provides a high level of certainty that the distribution will be maintained over time. The REIT's monthly distribution to unitholders was \$0.072 per class U unit or \$0.864 on an annualized basis.

The AFFO payout ratio for the three month period ended June 30, 2025 increased by 10.7% to 102.7% over the comparative period. The AFFO payout ratio for the six month period ended June 30, 2025 was 103.7%, which represents a 8.1% increase over the comparative period. The change is mainly driven by the aforementioned decreases to AFFO. Excluding the amortization of financing charges and mark-to-market adjustments, which are non-cash adjustments, the AFFO payout ratio for the three month periods ended June 30, 2025 and 2024 would have been 94.2%, and 88.0%, respectively.

The table below illustrates the REIT's cash flow capacity, based on AFFO, in comparison to its cash distributions:

	 Three montl	ns ende	ed June 30,	Six months ended June				
	2025		2024		2025		2024	
AFFO	\$ 12,624	\$	14,095	\$	25,012	\$	27,140	
Distributions declared <sup>1</sup>	(12,968)		(12,968)		(25,936)		(25,936)	
Excess of AFFO over distributions declared	\$ (344)	\$	1,127	\$	(924)	\$	1,204	
AFFO payout ratio	102.7%		92.0%		103.7%		95.6%	

<sup>&</sup>lt;sup>1</sup>Distributions declared represent distributions on REIT units and exchangeable units of subsidiaries.

## Impact of interest rate changes

Though the REIT strives to maintain a conservative AFFO payout ratio, the actual ratio may from time-to-time be outside of this range as a result of operational results, including changes in interest rates, and the timing of capital and leasing costs. Management expects there will be normal deviations from this rate due to timing and natural volatility in the operations of the business. Management evaluates various factors in determining the appropriate distribution policy including estimates of future NOI, near-term grocery-anchor lease turnover, future capital requirements, and interest rate changes.

In order to mitigate interest rate risk, the REIT has entered into notional amount pay-fixed receive-float interest rate swap contracts to hedge the cash flow risk associated with monthly SOFR based interest payments on a portion of the REIT's floating rate debt. As a result of the interest rate swaps, 91.6% of the REIT's debt is now subject to fixed rates. The weighted average fixed rate of the REIT's interest rate swaps was 3.1%, in comparison to one-month SOFR of 4.3% at June 30, 2025, with a weighted average term to maturity of 2.0 years.

The terms of the interest rate swaps are as follows:

Maturity date	Remaining term (years)	Pay-fixed rate	Receive-floating rate	Notional amount
August 22, 2025	0.1	2.822 %	One-month SOFR	\$ 175,000
July 22, 2027 <sup>1</sup>	2.1	2.400 %	One-month SOFR	137,500
July 22, 2027	2.1	3.615 %	One-month SOFR	137,500
August 22, 2028	3.1	3.465 %	One-month SOFR	175,000
June 1, 2030	4.9	3.738 %	One-month SOFR	39,300
Total / Weighted average	2.0	3.122 %		\$ 664,300

<sup>&</sup>lt;sup>1</sup>The \$137.5 million interest rate swap with a pay-fixed rate of 2.4% contains a one-time cancellation option by the REIT'S counterparty on July 24, 2025.

## **INCOME TAX**

The REIT's operations and the associated net income occur within partially owned, flow through entities such as partnerships. Any tax liability on taxable income attributable to the Slate Grocery exchangeable unitholders is incurred directly by the unitholders as opposed to Slate Grocery Investment L.P., the REIT's most senior taxable subsidiary. Accordingly, although the REIT's consolidated net income includes income attributable to Slate Grocery exchangeable unitholders, the consolidated tax provision includes only the REIT's proportionate share of the applicable taxes. Deferred tax liabilities are measured by applying the appropriate tax rate to temporary differences between the carrying amounts of assets and liabilities, and their respective tax basis.

For the three and six month periods ended June 30, 2025, the deferred income tax expense was \$2.2 million and \$5.2 million, respectively (three and six month periods ended June 30, 2024 - \$1.6 million and \$3.2 million, respectively). The REIT's deferred income taxes relate mainly to changes in the differences between the fair value of the REIT's properties and the corresponding non-depreciated value for income tax purposes.

#### RELATED PARTY TRANSACTIONS

Pursuant to the terms of a management agreement as amended on October 1, 2021, the Manager provides all management services to the REIT. The Manager agreed to provide certain services in connection with the business of the REIT, including: the structuring of the REIT, liaising with legal and tax counsel; identifying properties for acquisition; maintaining ongoing relationships with the lenders in respect of the mortgage loans for the properties; conducting continuous analysis of market conditions; and advising with respect to the disposition of the properties. In return for its service, the Manager receives the following fees:

- i. an asset management fee calculated as a percentage of GBV of the REIT. A rate of 0.40% is applicable to a GBV of up to \$2.0 billion and reduced based on certain GBV increases thereafter; and
- ii. an acquisition fee in an amount equal to 0.75% of the gross purchase price of each property (or interest in a property), including the price, due diligence costs, closing costs, legal fees, and additional capital costs for all properties indirectly acquired by the REIT.

Asset management fees incurred and payable to the Manager for the three and six month periods ended June 30, 2025 were \$2.3 million and \$4.6 million, respectively (three and six month periods ended June 30, 2024 – \$2.3 million and \$4.5 million, respectively). No acquisition fees were incurred for the three and six month periods ended June 30, 2025. These transactions are in the normal course of operations, are in accordance with the management agreement and are measured at the exchange amount. The exchange amount is the consideration established under contract, as approved by the REIT's board of trustees. The Manager is a significant unitholder in the REIT, with an approximate 5.6% interest.

The REIT's key personnel include trustees and officers of the REIT. For the three and six month periods ended June 30, 2025, trustee fees amounted to \$0.2 million and \$0.4 million, respectively (three and six month periods ended June 30, 2024 - \$0.2 million and \$0.4 million, respectively).

## MAJOR CASH FLOW COMPONENTS

The REIT is able to meet all of its obligations as they become due and have sufficient liquidity from the following sources: (i) cash flow from operating activities and (ii) financing availability through the REIT's revolving credit facility and conventional mortgage debt secured by income-producing properties.

Increase (decrease) in cash	\$ 2,935	\$	(2,096)
Financing activities	(25,046)		(39,438)
Investing activities	(12,765)		721
Operating activities	\$ 40,746	\$	36,621
	2025		2024
	Six mo	nths end	led June 30,

Cash flows from operating activities related to the collection of rent and payment of property operating expenses. Cash flows from operating activities, net of interest expense, were able to satisfy the REIT's distribution requirements and were used to fund on-going operations and expenditures for leasing capital and property capital.

Cash flows used in investing activities primarily related to capital, leasing, and tenant improvement expenditures, as well as development and expansion capital. These amounts were partially offset by distributions from joint venture investments.

Cash flows used in financing activities primarily related to distributions paid to unitholders, distributions paid to non-controlling interests, and repayments on the REIT's mortgages, and revolving credit facility. These amounts were partially offset by advances made under the REIT's revolver and mortgages.

#### PART IV - FINANCIAL CONDITION

## **DEBT**

The REIT's overall borrowing strategy is to obtain financing with terms to maturity that are appropriate having regard to the lease maturity profiles of the underlying properties and which allows the REIT to (i) stagger debt maturities that reduce its exposure to interest rate fluctuations and refinancing risk in any particular period, (ii) minimize financing costs, and (iii) maintain flexibility with respect to property operations. The success of this strategy is dependent upon debt market parameters existing at the time of borrowing, as well as the particular features and quality of the underlying assets being financed. If this strategy is unsuccessful, mortgage principal repayments would be funded by operating cash flows, additional draws under the REIT's revolver, financing of income-producing properties, or by issuances of equity.

The REIT's revolver and term loans provide the required flexibility to support the REIT's acquisition pipeline. The credit facility and term loans represent a significant component of the REIT's funding, which allows the REIT to maintain flexibility in its portfolio by avoiding debt that constricts portfolio capital recycling and redevelopment while minimizing unused cash positions. In addition to the credit facility and term loans, the REIT has ready access to alternative funding sources, including financial institutions for financing arrangements and investors at competitive rates. Management continues to monitor interest rate risk of the REIT's debt portfolio. As a result of the interest rate swap portfolio, 91.6% of the REIT's debt is subject to fixed rates.

Debt held by the REIT is as follows:

						,	June 30, 2025	Decer	nber 31, 2024
	Maturity	Term to maturity (years)	Interest rate	Principal	Deferred financing costs and mark-to- market adjustments	Car	rying amount	Car	rying amount
Revolver 1234	January 14, 2028	2.5	6.1 % \$	212,671 \$	(2,881)	\$	209,790	\$	217,332

Mortgage	February 1, 2033	7.6	5.5 %	54,985	(699)		54,286		54,626
Total / weighted	average	<b>3.5</b> <sup>5</sup>	4.9% <sup>6</sup> \$	1,194,538 \$	(17,023)	\$	1,177,515	\$	1,166,655
Share of joint ver	nture investments' de	bt					202,147		203,875
Total, proportion	ate basis					\$	1,379,662	\$	1,370,530

<sup>&</sup>lt;sup>1</sup>The revolver, term loan, term loan 2, and floating-rate mortgage interest rates are based on the applicable SOFR as at June 30, 2025.

On June 5, 2025, the REIT entered into a \$39.3 million mortgage, secured by four properties, bearing interest at one-month SOFR plus an applicable spread of 175 bps and maturing on June 4, 2030. In connection with the refinancing, the REIT removed one property from the existing portfolio.

On April 11, 2025, the REIT entered into a mortgage for a total facility amount of \$17.4 million, of which \$11.6 million was advanced upon closing on a gross basis. The mortgage, secured by one property, bears interest at daily SOFR plus 220 bps and matures on April 11, 2027.

On December 13, 2024, the REIT entered into a \$33.0 million mortgage, which is secured by two properties, bearing interest at 5.51% and maturing on January 1, 2030. The proceeds of the mortgage were used to repay a portion of the existing mortgage on the portfolio. In connection with the repayment, the REIT transferred one property in the existing portfolio to the Revolver and term loans pool.

<sup>&</sup>lt;sup>2</sup> The applicable spread for the revolver, term loan and term loan 2 is determined based on the total indebtedness to gross asset value (the "consolidated leverage ratio"). Refer to note 8 in the REIT's Financial Statements for further details.

<sup>&</sup>lt;sup>3</sup> The revolver requires a stand-by fee to be paid in an amount equal to 0.25% of the unused portion of the revolver where the unused portion is greater than or equal to 50% of the maximum amount available and 0.15% of the unused portion of the revolver where the unused portion is less than 50% of the maximum amount available, calculated daily.

<sup>&</sup>lt;sup>4</sup> The revolver, term loan, and term loan 2 are secured by a general pledge of equity of certain subsidiaries of the REIT. Collectively, those subsidiaries hold an interest in 50 of the REIT's properties at June 30, 2025 (December 31, 2024 – 50).

<sup>&</sup>lt;sup>5</sup> Excludes two twelve-month extension options exercisable at the REIT's option. When including the two twelve-month extension options, the weighted average debt maturity of the REIT's debt portfolio is 3.6 years.

<sup>&</sup>lt;sup>6</sup> Excludes the impact of joint venture investments. Including the impact of joint venture investments, weighted-average cost of debt is 4.8%.

On November 20, 2024, the REIT entered into a \$100.5 million mortgage, secured by a portfolio of ten properties, bearing interest at 6.40% and maturing on December 1, 2029. The proceeds of the mortgage were used to repay a portion of the existing mortgage on the portfolio. In connection with the repayment, the REIT removed one property from the existing portfolio.

On October 21, 2024, the REIT refinanced its Revolver and Term loan 2 (collectively, the "Facility") for an aggregate principal amount of \$275.0 million and \$225.0 million, respectively. The Facility has a maturity date of January 14, 2028, and pays an interest rate of one-month SOFR plus an applicable spread based on a consolidated leverage ratio. The applicable spreads for the Revolver and Term loan 2 are 175 bps and 165 bps, respectively.

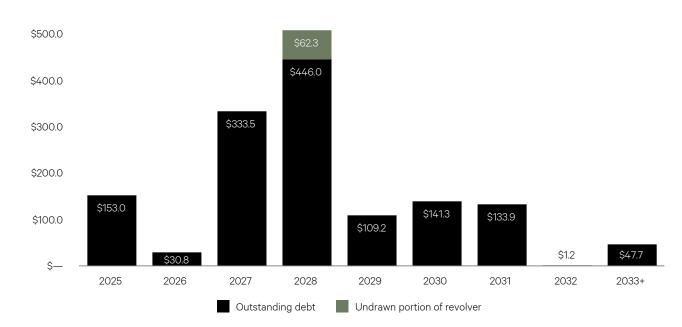

The carrying amount of debt was \$1.2 billion at June 30, 2025, which represents an increase of \$10.9 million compared to December 31, 2024. The increase is primarily attributable to refinancings, partially offset by principal repayments on mortgages and repayments of borrowings on the revolver.

Excluding two twelve-month extension options for one of the REIT's floating-rate mortgages, the weighted-average term of the REIT's debt is 3.1 years at a weighted average cost of 4.8%, including the REIT's proportionate ownership in its joint venture investments.

# Debt Maturity Profile 12

(in \$US millions)

\$600.0

<sup>&</sup>lt;sup>1</sup> Includes the REIT's share of debt held in its joint ventures.

# DEBT TO GROSS BOOK VALUE

The REIT's Declaration of Trust provides for restrictions as to the maximum aggregate amount of leverage that may be undertaken. Specifically, the Declaration of Trust provides that the REIT is not permitted to exceed financial leverage in excess of 65% of gross book value, as defined by the Declaration of Trust. A calculation of debt to gross book value ratio is as follows:

	June 30, 2025	Dece	mber 31, 2024
GBV	\$ 2,241,469	\$	2,233,699
Debt	1,177,515		1,166,655
Leverage ratio	52.5%		52.2%

Additional investment and operating guidelines are provided for by the Declaration of Trust. The REIT is in compliance with these guidelines.

<sup>&</sup>lt;sup>2</sup> Debt maturity profile excludes two twelve-month extension options, which may be exercised at the REIT's discretion, for one of the floating-rate mortgages. With the two twelve-month extension options, the weighted average debt maturity of the REIT's debt portfolio is 3.2 years on a proportionate basis.

The REIT's revolver and term loans are subject to financial and other covenants. The following are the primary financial covenants, with all terms defined by the lending agreement:

	Threshold	June 30, 2025	December 31, 2024
Maximum leverage ratio: consolidated total indebtedness shall not exceed 60% of gross asset value	< 60%	53.2%	53.4%
Minimum fixed charge coverage ratio: adjusted EBITDA to consolidated fixed charges shall not be less than 1.5x $^{\rm 1}$	> 1.5x	1.9x	2.0x

<sup>1</sup> Adjusted EBITDA and consolidated fixed charges are defined by the Third Amended and Restated Credit Agreement for the revolver and term loan 2, as well as the Second Amended Credit Agreement for the term loan, and are calculated on a trailing twelve-month basis.

## ADJUSTED EBITDA

Adjusted EBITDA is a non-IFRS measure and is used by the REIT to monitor the REIT's ability to satisfy and service its debt as well as monitor requirements imposed by the REIT's lenders. Specifically, adjusted EBITDA is used to monitor the REIT's leverage ratio and fixed charge coverage ratio, which the REIT uses to measure its debt profile and assess its ability to satisfy its obligations, including servicing its debt. Management views adjusted EBITDA as a proxy for operating cash flow prior to interest costs.

The following is a reconciliation from net income to adjusted EBITDA:

			Thre	e months e	nded .	June 30,	Six months ended Jur						
		2025		2024	٧	'ariance		2025		2024	,	Variance

# FIXED CHARGE COVERAGE RATIO

In addition to the REIT's level of indebtedness calculated in accordance with the REIT's Declaration of Trust, management also monitors the REIT's fixed charge coverage ratio, which is a non-IFRS measure.

Effective March 31, 2025, the REIT has transitioned from disclosing interest coverage ratio to fixed charge coverage ratio as a key non-IFRS measure. The interest coverage ratio previously served as a measure of the REIT's capacity to service interest requirements on outstanding debt and was calculated by dividing Adjusted EBITDA by the REIT's interest obligations for the period. This measure did not contemplate fixed principal repayments, which are recurring expenditures to the REIT and important to the REIT's ongoing liquidity requirements. In contrast, the fixed charge coverage ratio is calculated by dividing Adjusted EBITDA by the REIT's fixed charges, which include its interest and principal repayment obligations at the REIT's proportionate interest for the period.

Management believes that the fixed charge coverage ratio better aligns with how the REIT assesses its ability to service its financial commitments and its overall liquidity position. The ratio also offers more transparent data for stakeholder decision-making given it provides a more conservative and complete view of the REIT's ability to service its obligations from operating cash flows. Furthermore, this ratio is better aligned with key covenant requirements of the REIT's lending agreements, as disclosed in note 19 of the consolidated financial statements.

The REIT has included comparative period measures of the fixed charge coverage ratio in order to provide comparability and consistency amongst the periods presented. Whilst the REIT will no longer present interest coverage ratio on an ongoing basis, the components of the calculation are still included within Management's Discussion and Analysis.

The following is a calculation of Adjusted EBITDA and the REIT's fixed charge coverage ratio:

	Т	hree month	ns ende	d June 30,	Six months ended June 30				
		2025		2024		2025		2024	
Adjusted EBITDA	\$	37,453	\$	37,282	\$	74,196	\$	73,683	
Cash interest paid		(16,656)		(15,814)		(33,108)		(31,543)	
Principal payments		(2,913)		(2,997)		(5,767)		(5,846)	
Total fixed charges <sup>1</sup>	\$	(19,569)	\$	(18,811)	\$	(38,875)	\$	(37,389)	
Fixed charge coverage ratio		1.9x		2.0x		1.9x		2.0x	

<sup>&</sup>lt;sup>1</sup>Includes the REIT's share of joint venture investments.

The fixed charge ratio decreased from 2.0x to 1.9x for both three and six month periods ended June 30, 2025 from their comparative periods. The decreases are due to increases in cash interest paid, partially offset by increases to NOI.

# LIQUIDITY AND CAPITAL RESOURCES

The principal liquidity needs of the REIT arise from: (i) working capital requirements, (ii) debt servicing and repayment obligations which includes the term loans, revolver, mortgages, (iii) distributions to unitholders, (iv) planned funding of maintenance capital expenditures and leasing costs, and (v) future property acquisition funding requirements.

Cash flows from operating the REIT's property portfolio, available funding under the REIT's revolver, and cash on hand represent the primary sources of liquidity. Cash flows from operations are dependent upon occupancy levels, rental rates, collection of rents, recoveries of operating costs, and operating costs. Working capital requirements of the REIT primarily include the payment of operating expenses, leasing costs, maintenance capital, and distributions. Working capital needs are generally funded through cash generated from operations, which has historically exceeded such requirements.

The REIT manages its cash flow from operating activities by maintaining a target debt level. The debt to gross book value, as defined in the Declaration of Trust, as at June 30, 2025 is 52.5% (December 31, 2024 – 52.2%).

#### Contractual commitments

The REIT has the following contractual commitments:

	Total contractual cash flow	Remaining in 2025	2026-2027	2028-2029	Thereafter
Accounts payable and accrued liabilities 1	\$ 47,528	\$ 47,528	\$ _	\$ _	\$ _
Distributions payable	4,323	4,323	_	_	_
Revolver <sup>23</sup>	212,671	_	_	212,671	_
Revolver interest payable 234	28,132	6,330	21,396	406	_
Term loan <sup>23</sup>	275,000	_	275,000	_	_
Term loan interest payable 23	28,421	7,918	20,503	_	_
Term loan 2 <sup>23</sup>	225,000	_	_	225,000	_
Term loan 2 interest payable <sup>23</sup>	28,944	6,535	21,988	421	_
Mortgages <sup>123</sup>	683,891	153,042	89,343	117,540	323,966
Mortgage interest payable 123	121,369	15,476	47,208	41,178	17,507
Interest rate swaps	2,560	_	2,040	490	30
Exchangeable units of subsidiaries	9,583	9,583	_	_	_
Total	\$ 1,667,422	\$ 250,735	\$ 477,478	\$ 597,706	\$ 341,503

<sup>&</sup>lt;sup>1</sup>Includes the REIT's share of joint venture investments.

# ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

Accounts payable and accrued liabilities consists of the following:

	June 30, 2025	Decemb	oer 31, 2024
Accounts payable and accrued liabilities	\$ 18,258	\$	17,732
Prepaid rent	8,991		8,468
Tenant improvements payable	5,585		6,582
Other payables	9,615		9,289
Total	\$ 42,449	\$	42,071

Included in accounts payable and accrued liabilities are operating expenses, property taxes, and capital and leasing expenses. Other payables include security deposits, trustee fees, accrued interest payable, branch profit tax payable, and other non-operating items.

# REIT UNITS AND EXCHANGEABLE UNITS OF SUBSIDIARIES

The units of the REIT are presented as equity instruments while exchangeable units of subsidiaries are presented as financial liabilities in accordance with IAS 32, Financial Instruments: Presentation.

The exchangeable units of subsidiaries are redeemable at the option of the holder for cash or class U units of the REIT as determined by the REIT. Distributions paid on exchangeable units of subsidiaries are recorded as unit expense in the period in which they become payable. The exchangeable units of subsidiaries are re-measured at fair value at each reporting period with any changes in fair value recognized in net income as unit (expense) income.

Total REIT units outstanding during the period and their respective class U equivalent amounts if converted are as follows, in thousands of units:

		June 30, 2025		Decer	mber 31, 2024
	REIT units	Value	REIT units		Value
Beginning of the period	59,130	\$ 584,769	59,130	\$	584,769
End of the period	59,130	\$ 584,769	59,130	\$	584,769

<sup>&</sup>lt;sup>2</sup> Interest payable on floating-rate instruments is calculated on the outstanding balances using forward curves plus the applicable margins through maturity.

<sup>&</sup>lt;sup>3</sup> Excludes the impact of the REIT's \$683.4 million pay-fixed receive-float interest rate swaps, inclusive of the REIT's share of joint venture investments, that hedge a portion of the cash flow risk associated with one-month SOFR based interest payments.

<sup>&</sup>lt;sup>4</sup> Includes stand-by fee on the revolver to be paid in an amount equal to 0.25% of the unused portion of the revolver where the unused portion is greater than or equal to 50% of the maximum amount available and 0.15% of the unused portion of the revolver where the unused portion is less than 50% of the maximum amount available, calculated daily.

Total exchangeable units of subsidiaries during the period and the change in the carrying amount is as follows:

		June 30, 2025		Decen	nber 31, 2024
	Exchangeable Units	Value	Exchangeable Units		Value
Beginning of the period	907	\$ 8,733	907	\$	8,269
Change in fair value	_	850	_		464
End of the period	907	\$ 9,583	907	\$	8,733

### ATM program

On March 30, 2022, the REIT established an at the market equity program ("ATM program") that allowed the REIT to issue, at its discretion, up to \$150.0 million of class U units of the REIT to the public from time to time through an agent. Distributions pursuant to the ATM program were made in accordance with the terms of an equity distribution agreement dated March 30, 2022 entered into among the REIT and the agent. The ATM program was effective until April 28, 2024 and was not renewed thereafter. For the six month periods ended June 30, 2025 and 2024, no units were issued under the ATM program.

#### Normal course issuer bid

On January 27, 2025, the REIT renewed its normal course issuer bid ("NCIB"), effective from February 3, 2025 until January 30, 2026, pursuant to which it may repurchase and cancel up to 5.5 million class U units of the REIT. For the six month periods ended June 30, 2025 and 2024, no class U units have been purchased and subsequently canceled under the NCIB.

# **ACCOUNTS RECEIVABLE**

The accounts receivable balance is comprised of the following:

	Ju	une 30, 2025	December 31, 2024		
Rent receivable	\$	8,644	\$	10,576	
Allowance		(2,006)		(2,002)	
Accrued recovery income		7,097		8,879	
Other receivables		6,767		5,964	
Total	\$	20,502	\$	23,417	

Rent receivable consists of base rent and operating expense recoveries billed to tenants. Management has provided for \$2.0 million (December 31, 2024 – \$2.0 million) as allowance for doubtful accounts and anticipates that the unprovided balance is collectible.

Accrued recovery income represents amounts that have not yet been billed to tenants for operating expenses, mainly real estate taxes, and are generally billed and paid in the following year. Other receivables is primarily comprised of the gross amount of consideration for property taxes paid directly by tenants.

# JOINT VENTURE INVESTMENTS

The REIT accounts for its joint venture investments using the equity method. The table below summarizes the REIT's investment in joint ventures:

			June 30, 2025	[	December 31, 2024
Portfolio	State	Number of properties	Ownership interest	Number of properties	Ownership interest
Tom Thumb Portfolio	Texas, Florida, and California	10	90% - 95%	10	90% - 95%
Northeast Grocery Portfolio	New York and Indiana	4	85%	4	85%
Windmill Plaza	Michigan	1	50%	1	50%

The change in the REIT's joint venture investments are as follows:

End of the period	\$ 59,131	\$	56,530	\$ 3,300	\$ 118,961	\$	112,429
Share of income in joint venture investments	2,628		4,083	180	6,891		8,735
Distributions	(1,884)		(426)	(599)	(2,909)		(4,287)
Contributions	_		2,550	_	2,550		880
Beginning of the period	\$ 58,387	\$	50,323	\$ 3,719	\$ 112,429	\$	107,101
	Tom Thumb Portfolio	Gr	Northeast rocery Portfolio	Windmill Plaza	Total		Total
					June 30, 2025	Dece	ember 31, 2024

## NON-CONTROLLING INTEREST

The REIT has an established partnership with the North America Essential Fund ("NA Essential Fund"), a vehicle with management services provided by the Manager. The NA Essential Fund made an initial cash investment of \$180.0 million indirectly into the REIT's assets through the purchase of an 18.37% partnership interest in two of the REIT's subsidiaries, LP1 and SGIUSLP. The non-controlling interest in SGIUSLP includes the proportionate interest in the Tops Portfolio, a grocery anchored portfolio comprising 11 properties and 1.4 million square feet in major metro markets in New York, Ohio, and Georgia.

Primary Investment	Number of properties	June 30, 2025	December 31, 2024
LP1, SGIUSLP	116	18.4 %	18.4 %
Tops Portfolio	11	10.0 %	10.0 %

#### SUBSEQUENT EVENTS

The following events occurred subsequent to June 30, 2025:

- i. On July 15, 2025, the REIT declared monthly distributions of \$0.072 per class U unit. Holders of class A units, class I units, and units of subsidiaries of the REIT were also entitled to receive an equivalent distribution.
- ii. On July 11, 2025, the REIT entered into an amending agreement on an existing \$13.6 million mortgage within the Northeast Grocery Portfolio joint venture investment. The amendment extended the maturity to July 1, 2026, and the interest rate to 7.0%.
- iii. On July 1, 2025, the REIT amended its \$137.5 million interest rate swap with a pay-fixed rate of 2.400% and a maturity date of July 22, 2027. The amendment adjusted the pay-fixed rate to 3.438% and removed a one-time cancellation option that was exercisable on July 24, 2025. There were no changes to the swap's notional amount.
- iv. On July 1, 2025, the REIT amended its \$175.0 million interest rate swap with a pay-fixed rate of 2.822% and a maturity date of August 22, 2025. The amendment adjusted the pay-fixed rate to 3.355% and the maturity to August 22, 2028. There were no changes to the swap's notional amount.

#### PART V - ACCOUNTING AND CONTROL

# **ACCOUNTING POLICIES**

A summary of material accounting policy information is included in note 3 of the audited consolidated financial statements of the REIT as at and for the year ended December 31, 2024.

# **USE OF ESTIMATES**

The preparation of the REIT's consolidated financial statements in accordance with IFRS Accounting Standards requires management to make estimates, judgments, and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Management's estimates are based on historical experience and other assumptions that are believed to be reasonable under the circumstances. Actual results could differ from those estimates under different assumptions.

## CRITICAL ACCOUNTING ESTIMATES

The REIT has identified the estimate of the fair value of its properties as a critical accounting estimate due to the significance of the estimate to the REIT's financial position and the impact of changes on fair value to net income. Estimating the fair value of real property is characterized by uncertainty, both in terms of differences between different methods of valuation but also in the selection of assumptions to reflect the property being valued, certain of which are subjective. There is no assurance that management's, or a third-party's, estimate of fair value would be realized on sale due to the specific and unique aspects of real property, including their location, liquidity, tenants, and the local demand and supply of competing properties for tenants.

The REIT determines the fair value of properties based upon the overall income capitalization rate method, direct comparison approach or through a combination of methods. All methods are generally accepted appraisal methodologies. In certain circumstances, the direct comparison approach is used by comparing properties to similar properties that have sold, but adjusting for differences in the nature, location, and other relevant considerations of the properties. The valuation methodology used, or combination of methodologies used, is based on the applicability and reliability of the relative approaches in the context of the subject property.

The fair values of properties are measured individually without consideration to their aggregate value on a portfolio basis. No consideration is given to diversification benefits related to single property tenant risk and geography, the value of assembling a portfolio, or to the utilization of a common management platform, amongst other benefits. As a result, the fair value of the REIT's properties taken in aggregate may differ from the fair value of properties measured individually in the REIT's consolidated statements of financial position.

The following is a summary of the methodologies undertaken by management to estimate the fair value of the REIT's properties:

#### Overall income capitalization approach

The overall income capitalization approach evaluates a property's potential to generate cash flows and converts those cash flows into a present value. Generally, the REIT estimates a stabilized NOI and applies a capitalization rate to that income to estimate fair value. Stabilized NOI is determined as the property's potential gross income that could be generated at full capacity, less a vacancy and collection allowance. The capitalization rate used is derived from analysis of comparable sales data and the relative relationship of other properties' NOI over their sale price and industry surveys. In many cases, industry surveys are available that provide indicative ranges of capitalization rates for recently sold properties or views on value, however, certain adjustments are required to account for the specific nature, location, and quality of properties.

#### Direct comparison approach

This approach involves comparing properties similar to the property for which fair value is being estimated and making adjustments to reconcile differences in size, location, nature, and the quality of the property.

A summary of the significant assumptions used in the REIT's estimate of fair value as at June 30, 2025 is included in the 'Fair Value' section of Part II - Leasing and Property Portfolio, of this MD&A. Changes in these assumptions would have a significant impact on the REIT's estimate of fair value, which can be impacted by changes in demand for properties similar to those owned by the REIT, expectations of market rents, the covenant quality of tenants, and the general economic environment.

The REIT determines the fair value of properties primarily based upon the overall income capitalization rate method.

# CONTROL AND PROCEDURES

The REIT's management, under the supervision of its Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO"), is responsible for establishing and maintaining disclosure controls and procedures ("DC&P") and internal controls over financial reporting ("ICFR"), as such terms are defined in National Instrument 52-109 – Certification of Disclosure in Issuers' Annual and Interim Filings ("NI 52-109").

DC&P are those controls and other procedures that are designed to provide reasonable assurance that all material information required to be disclosed by the REIT in annual filings, interim filings or other reports filed or submitted under securities legislation is recorded, processed, summarized, and reported within the time periods specified in the securities legislation. Furthermore, DC&P are those controls and other procedures that are designed to ensure that material information required to be disclosed by the REIT in annual filings, interim filings, or other reports filed or submitted under securities legislation is accumulated and communicated to the REIT's management, including its CEO and CFO, as appropriate to allow timely decisions regarding required disclosure.

ICFR is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with IFRS Accounting Standards. The REIT has applied the *Internal Control – Integrated Framework (2013)* published by the Committee of Sponsoring Organizations of the Treadway Commission for the design of its ICFR for the six month period ended June 30, 2025.

As required by NI 52-109, the REIT'S CEO and CFO have evaluated the effectiveness of the REIT'S DC&P and ICFR. Based on such evaluations, the CEO and CFO have concluded that the design and operation of the REIT'S DC&P and ICFR, as applicable, are adequately designed and effective, as at June 30, 2025.

No changes were made in the REIT's design of ICFR during the six month period ended June 30, 2025 that have materially affected, or are reasonably likely to materially affect, the REIT's ICFR.

In designing such controls, it should be recognized that due to inherent limitations, any controls or control systems, no matter how well designed and operated, can provide only reasonable, and not absolute, assurance that the objectives of the control system are met. As a result of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues, including instances of fraud, if any, have been detected or prevented. These inherent limitations include, without limitation, (i) the possibility that management's assumptions and judgments may ultimately prove to be incorrect under varying conditions and circumstances; or (ii) the impact of isolated errors.

Additionally, controls may be circumvented by unauthorized acts of individuals, by collusion of two or more people, or by management override. The design of any control system is also based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential conditions. Projections of any evaluations of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

# PART VI - PROPERTY TABLES

At June 30, 2025, the REIT owns a portfolio of 116 grocery-anchored properties. The portfolio consists of 15.2 million square feet of GLA with an occupancy rate of 94.0%.
